## MOTOR VEHICLE TRANSPORT ACT, 1987/ LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

#### EXTRA-PROVINCIAL APPLICATIONS:

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## **MOTOR VEHICLE TRANSPORT ACT, 1987/ LOI DE 1987 SUR LES TRANSPORTS ROUTIERS**

**INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating  
licences under Part III of the Motor Vehicle  
Transport Act, 1987, S.C. 1987, Chapter 35. These  
applicants have been found to meet the fitness  
requirement in like manner to section 6 of the  
Truck Transportation Act, 1988, S.O. 1988, Chap-  
ter 64, and the provincial transport board for  
Ontario proposes to issue the licences unless a per-  
son, within thirty days of this publication, serves  
on the Applicant and files with the Registrar of  
Motor Vehicles with the prescribed filing fee, a

written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

**RÈGLEMENT PORTANT MODIFICATION DU  
RÈGLEMENT DE L'ONTARIO 560/84  
PRIS EN APPLICATION DE LA LOI DE 1984  
SUR LES TRIBUNAUX JUDICIAIRES**

- 1 Le présent règlement modifie les Règles de procédure civile, telles qu'elles sont énoncées à l'annexe du Règlement de l'Ontario 560/84 et telles qu'elles ont été modifiées le plus récemment par le Règlement de l'Ontario 422/89.
- 2 Le paragraphe 1.02 (1) est abrogé et remplacé par ce qui suit :

*Cour d'appel et Cour de l'Ontario (Division générale)*

(1) Les présentes règles s'appliquent à toutes les instances civiles devant la Cour d'appel et la Cour de l'Ontario (Division générale), sous réserve des exceptions qui suivent :

1. Elles ne s'appliquent pas aux instances devant la Cour des petites créances, qui sont régies par le Règlement de l'Ontario 797/84.
2. Elles ne s'appliquent pas aux instances intentées en vertu de la *Loi sur les successions*, qui sont régies par le Règlement 925 des Règlements refondus de l'Ontario de 1980.
3. Elles ne s'appliquent pas si une loi prévoit une procédure différente. Règl. de l'Ont. 711/89, art. 2.

3. Les définitions des termes "comté" et "tribunal", qui figurent à la règle 1.03, sont abrogées et remplacées par ce qui suit :

"comté" S'entend en outre d'un district ou d'une municipalité régionale, de district ou de communauté urbaine. ("county")

"tribunal" Tribunal devant lequel une instance est en cours. S'il s'agit d'une instance devant la Cour de l'Ontario (Division générale), s'entend en outre du protonotaire qui a compétence pour entendre les motions aux termes de la Règle 37. ("court")

- 4 La définition du terme "juge", qui figure à la règle 1.03, est abrogée et remplacée par ce qui suit :

"juge" Juge du tribunal. ("judge")

- 5 La définition du terme "juge local", qui figure à la règle 1.03, est abrogée.

- 6 La définition du terme "greffier", qui figure à la règle 1.03, est abrogée et remplacée par ce qui suit :

"greffier" Le greffier de la Cour de l'Ontario (Division générale), de la Cour divisionnaire ou de la Cour d'appel, ou le greffier local de la Cour de l'Ontario (Division générale), selon les circonstances. ("registrar")

- 7 La règle 3.04 est abrogée.

- 8 L'alinéa 4.02 (2) d) est modifié par substitution, aux mots "dans le cas d'une requête en examen judiciaire présentée à la Cour divisionnaire, l'adresse du greffe de cette cour" aux deuxième et troisième lignes, des mots "dans le cas d'une requête présentée à la Cour divisionnaire, l'adresse du greffe du lieu où doit se faire l'audition de la requête".

- 9 Le paragraphe 4.05 (3) est abrogé et remplacé par ce qui suit :

(3) L'affidavit, la transcription, le dossier ou le mémoire qui doit être utilisé lors de l'audition d'une motion ou d'une requête est déposé au greffe du lieu où doit se faire l'audition. Règl. de l'Ont. 711/89, art. 9.

- 10 Le paragraphe 6.01 (1) est modifié par suppression du mot "même" à la première ligne.

- 11 Le paragraphe 7.08 (3) est modifié par suppression des mots "à la Cour suprême" aux deuxième et troisième lignes.

- 12 Le paragraphe 13.03 (1) est abrogé et remplacé par ce qui suit :

(1) L'autorisation d'intervenir à la Cour divisionnaire en qualité de partie jointe ou à titre d'intervenant bénévole peut être accordée par un tribunal de juges, par le juge en chef ou le juge en chef adjoint de la Cour de l'Ontario, ou par un juge désigné par l'un de ces derniers. Règl. de l'Ont. 711/89, art. 12.

- 13 La règle 14.02 est modifiée par substitution, au mot "un" à la deuxième ligne, du mot "le".

- 14 Le paragraphe 14.05 (2) est abrogé et remplacé par ce qui suit :

#### *Requête présentée en vertu d'une loi*

(2) Une instance peut être introduite par requête à la Cour de l'Ontario (Division générale) ou à un de ses juges, si une loi l'autorise. Règl. de l'Ont. 711/89, art. 14.

- 15 Le paragraphe 14.05 (3) est modifié par suppression des mots "à la Cour suprême" dans le titre et à la première ligne.

- 16 La règle 17.05 est abrogée et remplacée par ce qui suit :

## MODE DE SIGNIFICATION EN DEHORS DE L'ONTARIO

### *Définitions*

17.05 (1) Les définitions qui suivent s'appliquent à la présente règle.

"État contractant" État contractant aux termes de la Convention. ("contracting state")

"Convention" La Convention relative à la signification et la notification à l'étranger des actes judiciaires et extra judiciaires en matière civile ou commerciale, signée à La Haye le 15 novembre 1965. ("Convention")

### *Mode général de signification*

(2) L'acte introductif d'instance ou l'autre document qui doit être signifié en dehors de l'Ontario dans un territoire qui n'est pas un État contractant peut l'être soit de la manière prévue par les présentes règles pour la signification en Ontario, soit de la manière prévue par la loi du territoire où s'effectue la signification, pourvu qu'il soit raisonnable de croire que cette signification vienne à la connaissance de son destinataire.

### *Mode de signification dans les États contractants*

(3) L'acte introductif d'instance ou l'autre document qui doit être signifié en dehors de l'Ontario dans un État contractant est signifié d'une manière prévue par la Convention.

### *Preuve de la signification*

(4) La signification peut être établie, selon le cas :

- a) de la manière prévue par les présentes règles pour la signification en Ontario;
- b) de la manière prévue par la loi du territoire où s'effectue la signification;
- c) conformément à la Convention, si la signification s'effectue dans un État contractant (formules 17A à 17C). Règl. de l'Ont. 711/89, art. 16.

17 L'alinéa 22.03 (1) a) est modifié par substitution, aux mots "la Haute Cour" à la première ligne, des mots "l'Ontario".

18 Le paragraphe 33.02 (1) est modifié par substitution, au mot "médecins" à la troisième ligne, des mots "praticiens de la santé".

19 L'alinéa 33.04 (2) a) est abrogé et remplacé par ce qui suit :

- a) des rapports des praticiens de la santé qui l'ont traitée ou examinée relativement à l'état physique ou mental en cause, à l'exception de ceux qu'un praticien a dressés uniquement en prévision d'une poursuite envisagée ou en instance, la partie devant être examinée s'engageant à ne pas appeler ce praticien à témoigner à l'audience;

20 La règle 33.05 est modifiée par substitution, au mot "médecin" aux première et deuxième lignes, du mot "praticien".

21 Le paragraphe 33.06 (1) est modifié par substitution, au mot "médecin" à la première ligne, du mot "praticien".

22 Le paragraphe 37.02 (1) est abrogé et remplacé par ce qui suit :

### *Compétence des juges*

(1) Le juge a compétence pour entendre toute motion présentée dans une instance. Règl. de l'Ont. 711/89, art. 22.

23 Le paragraphe 37.02 (2) est abrogé.

24 Le paragraphe 37.02 (3) est modifié par substitution, aux trois premières lignes, des mots "Le protonotaire a compétence pour entendre toute motion présentée dans une instance, et possède la même compétence qu'un juge relativement à une motion, sauf s'il s'agit d'une motion, selon le cas", et par suppression des mots "de la Haute Cour ou un juge local" aux première et deuxième lignes de l'alinéa b).

25 Le paragraphe 37.03 (4) est abrogé.

26 La règle 37.04 est abrogée et remplacée par ce qui suit :

#### MOTIONS — PERSONNES DEVANT LESQUELLES DOIVENT ÊTRE PRÉSENTÉES

37.04 La motion est présentée au tribunal, si elle relève de la compétence d'un protonotaire; autrement, elle est présentée à un juge. Règl. de l'Ont. 711/89, art. 26.

27 La règle 37.05 est abrogée et remplacée par ce qui suit :

#### DATE D'AUDIENCE DE CERTAINES MOTIONS À TORONTO

37.05 (1) Si une motion doit être présentée à un juge à Toronto et que le procureur estime que l'audience durera plus de deux heures, il faut obtenir une date d'audience auprès du greffier avant la signification de l'avis de motion.

(2) Le paragraphe (1) ne s'applique pas si la motion revêt un caractère urgent et qu'il est impossible d'obtenir une date d'audience satisfaisante du greffier. Règl. de l'Ont. 711/89, art. 27.

28 Le paragraphe 37.10 (1) est modifié par suppression des mots "visée au paragraphe (2)" à la première ligne.

29 Le paragraphe 37.10 (2) est abrogé.

30 Le paragraphe 37.14 (4) est abrogé et remplacé par ce qui suit :

#### *Ordonnance rendue par un juge*

(4) La motion en annulation ou en modification d'une ordonnance d'un juge visée au paragraphe (1) ou à une autre règle peut être présentée :

a) soit au juge qui l'a rendue, n'importe où;

b) soit à un autre juge, au lieu fixé conformément à la règle 37.03 (lieu d'audition des motions).

#### *Ordonnance rendue par un protonotaire*

(4a) La motion en annulation ou en modification d'une ordonnance d'un protonotaire visée au paragraphe (1) ou à une autre règle peut être présentée :

a) soit au protonotaire qui l'a rendue, n'importe où;

b) soit à un autre protonotaire ou à un juge, au lieu fixé conformément à la règle 37.03 (lieu d'audition des motions). Règl. de l'Ont. 711/89, art. 30.

31 Le paragraphe 37.15 (1) est abrogé et remplacé par ce qui suit :

#### MOTIONS PRÉSENTÉES DANS UNE INSTANCE COMPLIQUÉE OU DANS UNE SÉRIE D'INSTANCES

(1) Si une instance soulève des questions compliquées ou que plusieurs instances soulèvent des questions semblables, le juge en chef ou le juge en chef adjoint de la Cour de l'Ontario, un juge principal régional ou le juge que l'un d'eux désigne peut ordonner qu'un juge particulier entende toutes les motions dans cette instance ou ces instances; la règle 37.03 (lieu d'audition des motions) ne s'applique pas aux motions visées. Règl. de l'Ont. 711/89, art. 31.

**32 Le paragraphe 38.01 (2) est abrogé et remplacé par ce qui suit :**

(2) Les règles 38.03 et 38.10 ne s'appliquent pas aux requêtes présentées à la Cour divisionnaire. Règl. de l'Ont. 711/89, art. 32.

**33 La règle 38.02 est abrogée.**

**34 La règle 38.03 est abrogée et remplacée par ce qui suit :**

**35 Le paragraphe 38.04 (1) est modifié par suppression des mots “dans le comté où le requérant propose que la requête soit entendue” aux deuxième et troisième lignes.**

**36 Les paragraphes 38.04 (2) et (3) sont abrogés et remplacés par ce qui suit :**

*Date d'audience de certaines requêtes à Toronto*

(2) Si une requête doit être entendue à Toronto et que le procureur estime que l'audience durera plus de deux heures, il faut obtenir une date d'audience auprès du greffier avant la délivrance de l'avis de requête.

(3) Le paragraphe (2) ne s'applique pas si la requête revêt un caractère urgent et qu'il est impossible d'obtenir une date d'audience satisfaisante du greffier. Règl. de l'Ont. 711/89, art. 36.

**37 Le paragraphe 38.04 (4) est modifié par suppression des mots “à condition que le juge ait compétence pour entendre cette deuxième requête” aux troisième et quatrième lignes.**

**38 Le paragraphe 38.12 (2) est abrogé et remplacé par ce qui suit :**

(2) La motion visée au paragraphe (1) peut être présentée, selon le cas :

- a) au juge qui a rendu le jugement, n'importe où;
- b) à un autre juge, au lieu fixé conformément à la règle 37.03 (lieu d'audition des motions);
- c) à la Cour divisionnaire, s'il s'agit d'un jugement de cette cour. Règl. de l'Ont. 711/89, art. 38.

**39 Le paragraphe 43.03 (1) est modifié par suppression des mots “à la Cour suprême” à la troisième ligne.**

**40 Les paragraphes 43.05 (6) à (8) sont abrogés et remplacés par ce qui suit :**

*Brefs d'exécution forcée délivrés par des tribunaux différents*

(6) Le shérif qui détient un bref d'exécution forcée délivré par la Cour de l'Ontario (Division générale) présente sa motion visant à obtenir une ordonnance d'*interpleader* à cette cour, même s'il détient également un bref d'exécution forcée délivré par un autre tribunal. Malgré la règle 37.03 (lieu d'audition des motions), la motion est entendue dans le comté du shérif.

(7) Le shérif qui ne détient aucun bref d'exécution forcée délivré par la Cour de l'Ontario (Division générale) mais en détient un qui est délivré par un autre tribunal présente à un juge de la Cour de l'Ontario (Division générale) une requête visant à obtenir une ordonnance d'*interpleader*, malgré le fait que le paragraphe (2) prévoit une motion. Les règles 43.01 à 43.04 et les paragraphes (1) à (5) s'appliquent avec les adaptations nécessaires. Règl. de l'Ont. 711/89, art. 40, *en partie*.

**41 Le paragraphe 48.05 (2) est modifié par insertion, après le mot “contraire” à la troisième ligne, des mots “d'un juge” et par suppression des alinéas a) et b).**

**42 Le paragraphe 48.06 (5) est modifié par insertion, après le mot “contraire” à la troisième ligne, des mots “d'un juge” et par suppression des alinéas a) et b).**

*Recouvrement d'un montant relevant de la compétence de la Cour des petites créances*

(1) Si un demandeur obtient un montant qui relève de la compétence de la Cour des petites créances où l'action a été introduite, le tribunal peut ordonner qu'il n'ait pas droit aux dépens.

(2) Le paragraphe (1) ne s'applique pas aux actions déferées à la Division générale en vertu de l'article 120 de la *Loi de 1984 sur les tribunaux judiciaires*.

*Jugement par défaut pour un montant relevant de la compétence de la Cour des petites créances*

(3) Si le demandeur obtient un jugement par défaut pour un montant qui relève de la compétence de la Cour des petites créances où l'action a été introduite, les dépens sont liquidés selon le tarif de cette cour. Règl. de l'Ont. 711/89, art. 51.

- 52 La règle 58.02 est abrogée et remplacée par ce qui suit :

**QUI PEUT LIQUIDER LES DÉPENS**

*Règle générale*

58.02 (1) Les dépens sont liquidés par un liquidateur, sous réserve du paragraphe (2), au lieu où l'instance a été introduite ou entendue ou dans un comté convenu par les parties.

*Renvoi*

(2) Les dépens d'un renvoi peuvent être liquidés par un liquidateur ou par l'arbitre. Pour l'application des règles 58.03 à 58.13, l'arbitre est réputé liquidateur. Règl. de l'Ont. 711/89, art. 52.

- 53 La règle 58.05 est abrogée.

- 54 Le paragraphe 58.09 (1) est modifié par substitution, aux mots “devant une cour des successions et des tutelles” aux deuxième et troisième lignes, des mots “dans une instance introduite aux termes de la *Loi sur les successions*”.
- 55 La règle 58.12 est modifiée par substitution, aux mots “au paragraphe 13 (2), 36 (5) ou 103 (4)” aux première et deuxième lignes, des mots “à l’alinéa 6 (1) c) ou 16 b) ou au paragraphe 103 (4)”.
- 56 L’alinéa 59.04 (1) a) est modifié par suppression des mots “ou de la Cour divisionnaire” à la première ligne.
- 57 Le paragraphe 59.04 (3) est abrogé et remplacé par ce qui suit :
- (3) Si le juge qui a rendu une ordonnance cesse d’exercer ses fonctions ou est empêché avant qu’elle soit signée, un autre juge peut l’établir et la signer.
- (3a) Si le protonotaire qui a rendu une ordonnance cesse d’exercer ses fonctions ou est empêché avant qu’elle soit signée, un autre protonotaire ou un juge peut l’établir et la signer. Règl. de l’Ont. 711/89, art. 57.
- 58 Le paragraphe 59.05 (5) est modifié par substitution, aux mots “un tribunal d’appel” à la première ligne, des mots “la Cour d’appel”.
- 59 Le paragraphe 60.11 (5) est modifié par suppression des mots “sous réserve du paragraphe 35 (2) de la *Loi de 1984 sur les tribunaux judiciaires* (pouvoirs de la Cour de district en cas d’outrage)” aux troisième et quatrième lignes.
- 60 La règle 61.01 est modifiée par insertion, après le mot “d’appel” à la deuxième ligne, des mots “sous réserve de ce que prévoit l’alinéa 62.01 (1) b) ou la règle 72.03”, et par substitution, au chiffre “19” à l’alinéa c), du chiffre “8”.

## MUNICIPAL BOUNDARY NEGOTIATIONS ACT, 1981

O. Reg. 712/89.

City of Chatham, Township of Raleigh  
Boundary.

Made—December 13th, 1989.

Filed—December 19th, 1989.

### ORDER IN COUNCIL

R.O.C. 525/89

WHEREAS The Corporation of the City of Chatham and The Corporation of the Township of Raleigh have entered into an agreement dated the 20th day of October, 1988 for the resolution of certain boundary issues;

AND WHEREAS public notice was given by the Clerk of the Executive Council under subsection 17 (1) of the *Municipal Boundary Negotiations Act, 1981* of the intention to make an Order implementing the inter-municipal agreement;

AND WHEREAS no objections to the proposed issuance of the Order were filed with the Clerk of the Executive Council within the filing period;

NOW THEREFORE, on the recommendation of the undersigned, the Lieutenant Governor, by and with the advice and concurrence of the Executive Council, orders under section 14 of the *Municipal Boundary Negotiations Act, 1981* that,

1. On the 1st day of January, 1990, the portion of the Township of Raleigh described in Schedule A is annexed to the City of Chatham.

2. All real property of The Corporation of the Township of Raleigh situate in the annexed area vests in The Corporation of the City of Chatham on the 1st day of January, 1990.

3. On the 1st day of January, 1990, the by-laws of The Corporation of the City of Chatham extend to the annexed area and the by-laws of The Corporation of the Township of Raleigh cease to apply to such area, except,

(a) by-laws of The Corporation of the Township of Raleigh,

- (i) that were passed under section 34 of the *Planning Act, 1983* or a predecessor of that section,
- (ii) that were kept in force by subsection 13 (3) of *The Municipal Amendment Act, 1941*, or
- (iii) that were passed under the *Highway Traffic Act* or the *Municipal Act* that regulate the use of highways by vehicles and pedestrians and that regulate the encroachment or projection of buildings or any portion thereof upon or over highways,

which shall remain in force until repealed by the council of The Corporation of the City of Chatham;

(b) by-laws of The Corporation of the Township of Raleigh passed under section 45, 58 or 61 of the *Drainage Act* or a predecessor of those sections; and

(c) by-laws conferring rights, privileges, franchises, immunities or exemptions that could not have been lawfully repealed by the council of The Corporation of the Township of Raleigh.

4. The clerk of The Corporation of the Township of Raleigh shall promptly prepare and furnish to the clerk of The Corporation of the City of Chatham a special collector's roll showing all arrears of taxes or special rates assessed against the lands in the annexed area up to and including the 31st day of December, 1989 and the persons assessed therefor.

5.—(1) All real property taxes levied under any general or special Act and uncollected in the annexed area which are due and unpaid on the 31st day of December, 1989 shall be deemed on the 1st day of January, 1990 to be taxes due and payable to The Corporation of the City of Chatham and may be collected by The Corporation of the City of Chatham.

(2) On or before the 1st day of April, 1990, The Corporation of the City of Chatham shall pay to The Corporation of the Township of Raleigh an amount equal to the amount of all real property taxes that The Corporation of the City of Chatham is entitled to collect in the annexed area under subsection (1), that were due but unpaid on the 31st day of December, 1989.

6. All business taxes levied and uncollected in the annexed area which are due and unpaid on the 31st day of December, 1989 shall continue after that date to be taxes due and payable to The Corporation of the Township of Raleigh and may be collected by The Corporation of the Township of Raleigh.

7. For the purposes of the assessment roll to be prepared for the City of Chatham under subsection 13 (1) of the *Assessment Act* in 1989, the annexed area shall be deemed to be a part of the City of Chatham.

#### MUNICIPAL BOUNDARY NEGOTIATIONS ACT, 1981

O. Reg. 716/89.

Town of Alliston, Township of Tosorontio  
Boundary.

Made—December 13th, 1989.

Filed—December 19th, 1989.

#### ORDER IN COUNCIL

R.O.C. 529/89

WHEREAS The Corporation of the Town of Alliston and The Corporation of the Township of Tosorontio have entered into an agreement dated the 19th day of October, 1989 for the resolution of certain boundary issues;

AND WHEREAS public notice was given by the Clerk of the Executive Council under subsection 17 (1) of the *Municipal Boundary Negotiations Act, 1981* of the intention to make an Order implementing the inter-municipal agreement;

AND WHEREAS no objections to the proposed issuance of the Order were filed with the Clerk of the Executive Council within the filing period;

NOW THEREFORE, on the recommendation of the undersigned, the Lieutenant Governor, by and with the advice and concurrence of the Executive Council, orders under section 14 of the *Municipal Boundary Negotiations Act, 1981* that,

1. On the 1st day of January, 1990, the portion of the Township of Tosorontio described in the Schedule is annexed to the Town of Alliston.

2. All real property of The Corporation of the Township of Tosorontio situate in the annexed area vests in The Corporation of the Town of Alliston on the 1st day of January, 1990.

3. On the 1st day of January, 1990, the by-laws of The Corporation of the Town of Alliston extend to the annexed area and the by-laws of The Corporation of the Township of Tosorontio cease to apply to such area, except,

- (a) by-laws of The Corporation of the Township of Tosorontio,
  - (i) that were passed under section 34 or 41 of the *Planning Act, 1983* or a predecessor of those sections,
  - (ii) that were kept in force by subsection 13 (3) of *The Municipal Amendment Act, 1941*, or
  - (iii) that were passed under the *Highway Traffic Act* or the *Municipal Act* that regulate the use of highways by vehicles and pedestrians and that regulate the encroachment or projection of buildings or any portion thereof upon or over highways,

which shall remain in force until repealed by the council of The Corporation of the Town of Alliston;

- (b) by-laws of The Corporation of the Township of Tosorontio passed under section 45, 58 or 61 of the *Drainage Act* or a predecessor of those sections; and
- (c) by-laws conferring rights, privileges, franchises, immunities or exemptions that could not have been lawfully repealed by the council of The Corporation of the Township of Tosorontio.

4. The clerk of The Corporation of the Township of Tosorontio shall immediately prepare and furnish to the clerk of The Corporation of the Town of Alliston a special collector's roll showing all arrears of taxes or special rates assessed against the lands in the annexed area up to and including the 31st day of December, 1989 and the persons assessed therefor.

5.—(1) All real property and business taxes levied under any general or special Act and uncollected in the annexed area which are due and unpaid on the 31st day of December, 1989 shall be deemed on the 1st day of January, 1990 to be taxes due and payable to The Corporation of the Town of Alliston and may be collected by The Corporation of the Town of Alliston.

(2) On or before the 1st day of February, 1990, The Corporation of the Town of Alliston shall pay to The Corporation of the Township of Tosorontio an amount equal to the amount of all real property and business taxes that The Corporation of the Town of Alliston is entitled to collect in the annexed area under subsection (1), that were due but unpaid on the 1st day of January, 1990.

6. For the purposes of the assessment roll to be prepared for the Town of Alliston under subsection 13 (1) of the *Assessment Act* in 1989, the annexed area shall be deemed to be a part of the Town of Alliston.

7. The land described in the Schedule is established as a special area for municipal tax purposes and for properties which have residential assessment in that area the following apply:

- 1. In the year 1990, the amount of taxes on the residential assessment of each property shall be calculated by multiplying the 1990 total mill rate for the Town of Alliston for all purposes by the residential assessment on that property, as shown on the last revised assessment roll for the Town of Alliston, and subtracting therefrom 75 per cent of the tax differential established under section 8.
- 2. In the year 1991, the amount of taxes on the residential assessment of each property shall be calculated by multiplying the 1991 total mill rate for the Town of Alliston for all purposes by the residential assessment on that property, as shown on the last revised assessment roll for the Town of Alliston for the 1991 tax year, and subtracting therefrom 50 per cent of the tax differential established under section 8.
- 3. In the year 1992, the amount of taxes on the residential assessment of each property shall be calculated by multiplying the 1992 total mill rate for the Town of Alliston for all purposes by the residential assessment on that property, as shown on the last revised assessment roll for the Town of Alliston for the 1992 tax year, and subtracting therefrom 25 per cent of the tax differential established under section 8.

8.—(1) In this section,

“town assessment” means the residential assessment on a property as shown in the last returned assessment roll for the 1990 tax year;

“township assessment” means the residential assessment on a property as it existed on the day before the annexation day.

(2) In the year 1990, the treasurer of The Corporation of the Town of Alliston shall establish a tax differential for each property in the annexed area which has residential assessment by calculating the product of the 1990 mill rate for the Town of Alliston for all purposes and the town assessment for that property and subtracting therefrom the product of the 1989 total mill rate for the Township of Tosorontio for all purposes and the township assessment on that property.

9.—(1) For the lands described in the Schedule, the “phase-in period” means the years 1990, 1991 and 1992.

(2) If, during the phase-in period,

- (a) two or more properties in the annexed area are consolidated;
- (b) a property in the annexed area is conveyed; or
- (c) the assessment classification of a property in the annexed area is changed from residential,

the taxes on those properties, including retained properties if there has been a severance or subdivision and partial conveyance, shall immediately become payable as if that property had not been subject to the tax differential for the whole year during which the consolidation, conveyance or assessment change occurs and for all subsequent years.

(3) If taxes on a property within the annexed area are reduced in any year during the phase-in period,

the tax differential established under section 8 shall not exceed the taxes payable and the treasurer of The Corporation of the Town of Alliston shall reduce the tax differential in that year by the amount by which the tax differential exceeds the tax payable.

10. The Corporation of the Town of Alliston or The Corporation of the Township of Tosorontio shall not apply for a further change to their mutual municipal boundary before the 1st day of January, 2010 unless the council of the municipality which is not applying is consulted and, by resolution, agrees to the application before the application is submitted.

11. The Corporation of the Town of Alliston shall pay to The Corporation of the Township of Tosorontio, as compensation for costs related to the annexation, the sum of \$25,000 of which,

- (a) \$15,000 shall be payable on or before the 1st day of January, 1990; and
- (b) \$10,000 shall be payable on or before the 1st day of January, 1991.

12. The agreement between The Corporation of the Town of Alliston and The Corporation of the Township of Tosorontio entered into on the 19th day of October, 1989 is hereby given effect. O. Reg. 716/89.

O. Reg. 722/89.

Education Development Charges.

Made—December 21st, 1989.

Filed—December 22nd, 1989.

REGULATION MADE UNDER THE  
DEVELOPMENT CHARGES ACT, 1989

## EDUCATION DEVELOPMENT CHARGES

## DEFINITIONS

1. In this Regulation,

"bank" means a bank listed in Schedule I to the *Bank Act* (Canada) or a trust corporation registered under the *Loan and Trust Corporations Act, 1987*;

"construction cost" means the construction cost of providing pupil accommodation, approved by the Minister of Education, for the purposes of payment of a legislative grant under subsection 10 (3) of the *Education Act*;

"cost of site purchase", in respect of a site acquired or proposed to be acquired by a board for the purpose of a project that provides pupil accommodation, means the cost approved by the Minister of Education, for the purposes of payment of a legislative grant under subsection 10 (3) of the *Education Act*;

"declared value" means the cost on which the building permit fee is calculated;

"elementary rate of grant" means the percentage of the construction cost of an elementary school project or of the cost of site purchase of an elementary school project that may be financed by a legislative grant under subsection 10 (3) of the *Education Act*;

"elementary yield factor" means a board's per unit estimate of the number of elementary school pupils generated from net new units;

"grade" means the average level of finished ground adjoining a dwelling unit at all exterior walls;

"gross floor area" means the total area of all floors above grade of a dwelling unit measured between the outside surfaces of exterior walls or between the outside surfaces of exterior walls and the centre line of party walls that divide the dwelling unit from another dwelling unit or other portion of a building;

"local share" means the portion of the cost of a project approved by the Minister of Education for the purposes of payment of a legislative grant under subsection 10 (3) of the *Education Act* that may be financed by moneys collected under an education development charge;

"net new units" means the total number of dwelling units on land subject to an education development charge for which building permits will be issued during the term of the education development charge by-law imposing the education development charge;

"project" means a plan for school facilities that represents an education capital cost and that is approved by the Minister of Education;

"secondary rate of grant" means the percentage of the construction cost of a secondary school project or of the cost of site purchase of a secondary school project that may be financed by a legislative grant under subsection 10 (3) of the *Education Act*;

"secondary yield factor" means a board's per unit estimate of the number of secondary school pupils generated from net new units;

"semi-detached or row dwelling" means a residential building that consists of one dwelling unit that has one or two vertical walls but no other parts attached to another structure;

"single detached dwelling" means a residential building consisting of one dwelling unit and not attached to another structure;

"treasurer" means the treasurer of a board or, in the case of the public sector or the Roman Catholic sector of The Ottawa-Carleton French-language School Board, the treasurer of The Ottawa-

Carleton French-language School Board. O. Reg. 722/89, s. 1.

#### PRELIMINARY APPROVAL

2. A board shall refer its plans for school facilities that represent an education capital cost to the Minister of Education for approval. O. Reg. 722/89, s. 2.

#### EDUCATION DEVELOPMENT CHARGE ON RESIDENTIAL DEVELOPMENT

3. A board shall calculate the amount of an education development charge on residential development according to the following procedures, that shall be applied in order beginning with paragraph 1:

1. For each year that the education development charge by-law imposing the education development charge is in force, estimate the number of new dwelling units on land subject to the education development charge.
2. Determine the elementary yield factor or secondary yield factor, or both, as the case requires, or determine the elementary yield factor or secondary yield factor, or both, for each type of dwelling unit distinguished by the board and represented in the net new units.
3. Multiply the net new units for each year by the elementary yield factor or, if the board has distinguished between types of dwelling units in arriving at its elementary yield factor, multiply the net new units of each type of dwelling unit represented in the net new units for each year by the appropriate elementary yield factor.
4. Multiply the net new units for each year by the secondary yield factor or, if the board has distinguished between types of dwelling units in arriving at its secondary yield factor, multiply the net new units of each type of dwelling unit represented in the net new units for each year by the appropriate secondary yield factor.
5. Add the products obtained under paragraph 3 to obtain the total number of estimated growth-related new elementary school pupils.
6. Add the products obtained under paragraph 4 to obtain the total number of estimated growth-related new secondary school pupils.
7. Determine the number of elementary school projects required to serve the estimated growth-related new elementary school pupils determined under paragraph 5.
8. Determine the number of secondary school projects required to serve the estimated

growth-related new secondary school pupils determined under paragraph 6.

9. Determine the cost of site purchase and the construction cost for each project determined under paragraphs 7 and 8.
10. Add the cost of site purchases for the elementary school projects determined under paragraph 7 to the construction cost for the elementary school projects to obtain the growth-related capital cost elementary.
11. Add the cost of site purchases for the secondary school projects determined under paragraph 8 to the construction cost for the secondary school projects to obtain the growth-related capital cost secondary.
12. Multiply the growth-related education capital cost elementary by the elementary rate of grant.
13. Multiply the growth-related education capital cost secondary by the secondary rate of grant.
14. Add the products obtained under paragraphs 12 and 13.
15. Add the growth-related education capital cost elementary to the growth-related education capital cost secondary.
16. Subtract the sum obtained under paragraph 14 from the sum obtained under paragraph 15 to obtain the growth-related net education capital cost.
17. If less than 100 per cent of the growth-related net education capital cost is to be financed by education development charges, determine the portion thereof that will be so financed.
18. Subtract the commercial contribution determined under paragraph 2 of section 4 from the growth-related net education capital cost determined under paragraph 16, or the portion thereof determined under paragraph 17, as the case requires.
19. Subtract the amount of any local share that forms part of the adjusted growth-related net education capital cost determined under a prior education development charge by-law and remaining in an education development charges account referred to in subsection 5 (2) at the expiration of the term of the prior by-law from the balance in the account at the expiration of the term of the prior by-law.
20. Subtract the difference obtained under paragraph 19 from the difference obtained under

paragraph 18 to obtain the adjusted growth-related net education capital cost.

21. Divide the adjusted growth-related net education capital cost by the net new units to obtain the amount of the education development charge on residential development. O. Reg. 722/89, s. 3.

#### EDUCATION DEVELOPMENT CHARGE ON COMMERCIAL DEVELOPMENT

4. A board shall calculate the amount of an education development charge on commercial development, expressed as a percentage of the declared value, according to the following procedures, that shall be applied in order beginning with paragraph 1:

1. Establish a percentage that is greater than zero but does not exceed 40 per cent, that represents the portion of the growth-related net education capital cost determined under paragraph 16 of section 3, or the portion thereof determined under paragraph 17 of section 3, as the case requires, to be financed by the education development charge on commercial development.
2. Multiply the percentage determined under paragraph 1 by the growth-related net education capital cost determined under paragraph 16 of section 3, or the portion thereof determined under paragraph 17 of section 3, as the case requires, to determine the amount of commercial contribution.
3. Divide the amount of commercial contribution by the estimated declared value of all building permits to be issued during the term of the education development charge by-law imposing the charge in respect of commercial development on land subject to the education development charge imposed by the by-law.
4. Multiply the quotient obtained under paragraph 3 by 100 to obtain the amount of the education development charge on commercial development expressed as a percentage of the declared value. O. Reg. 722/89, s. 4.

#### EDUCATION DEVELOPMENT CHARGES ACCOUNTS

5.—(1) A board that passes an education development charge by-law shall establish two interest-bearing education development charges accounts.

(2) One interest-bearing education development charges account shall be for the deposit of money received under the education development charge imposed by the by-law on residential development.

(3) The other interest-bearing education development charges account shall be for the deposit of money

received under the education development charge imposed by the by-law on commercial development.

(4) If land is within an area in which a second or subsequent education development charge is imposed, each board that passed an education development charge by-law imposing education development charges on the land shall establish with the other board or boards two interest-bearing joint education development charges accounts in accordance with subsections (2) and (3).

(5) Except as provided in the Act and this Regulation, and except for bank service charges, money shall not be withdrawn from an education development charges account.

(6) Moneys may be withdrawn from an education development charges account established under subsection (4) only on the signatures of the treasurers of the boards on whose accounts the moneys are deposited.

(7) If a project is approved by the Minister of Education for the purposes of payment of a legislative grant under subsection 10 (3) of the *Education Act*, a board may withdraw from its education development charges accounts an amount up to or equal to the local share of the project for the purpose of applying the amount to the local share of the project. O. Reg. 722/89, s. 5.

6.—(1) Moneys may be withdrawn from an education development charges account for the purpose of permitting a board to invest in such investments as a board is authorized to make under subsection 150 (1) of the *Education Act*.

(2) Moneys held in a joint education development charges account may only be withdrawn under subsection (1) if the investments made are held jointly by the boards in whose names the account is held. O. Reg. 722/89, s. 6.

7. Each treasurer shall, on or before the 31st day of March in each year, provide to his or her board and to the Minister of Education a statement for each education development charges account referred to in section 5 that includes,

- (a) the balance in the account as of the 1st day of January of the preceding year;
- (b) a record that shows the date, amount and source of funds deposited in the account;
- (c) a record that shows the date, amount and purpose of funds withdrawn from the account;
- (d) bank charges with respect to the account;
- (e) interest accrued on the account; and
- (f) the balance in the account as of the 31st day

of December of the preceding year.  
O. Reg. 722/89, s. 7.

8. The amount that may be withdrawn from its education development charges accounts for the deposit of moneys collected under an education development charge on commercial development shall not exceed the amount of commercial contribution determined under paragraph 2 of section 4. O. Reg. 722/89, s. 8.

#### HOUSING INTENSIFICATION EXEMPTION

9.—(1) Subject to subsections (2) and (3), an education development charge by-law shall not impose an education development charge with respect to the creation of,

- (a) one or two additional dwelling units in an existing single detached dwelling; or
- (b) one additional dwelling unit in any other existing residential building.

(2) An education development charge may be imposed under circumstances described in clause (1) (a) if the total gross floor area of the additional dwelling unit or two additional dwelling units exceeds the gross floor area of the existing single detached dwelling.

(3) An education development charge may be imposed under circumstances described in clause (1) (b) if the additional dwelling unit has a gross floor area greater than,

- (a) in the case of a semi-detached or row dwelling, the gross floor area of the existing dwelling unit; or
- (b) in the case of any other residential building, the gross floor area of the smallest dwelling unit contained in the residential building.  
O. Reg. 722/89, s. 9.

#### INFLATION INDEX

10. For purposes of subsection 30 (4) of the Act, the following indices are prescribed:

- 1. The Composite Southam Construction Cost Index (Ontario Series).
- 2. The Engineering News Record Cost Indices in 22 cities as published in the Engineering News Record.
- 3. Statistics Canada quarterly, *Construction Price Statistics*, catalogue number 62-007.  
O. Reg. 722/89, s. 10.

#### NOTICE

11. Notice of a public meeting under clause 31 (1) (b) of the Act shall be given by personal service

on, or by prepaid first class mail to, the clerk of each municipality in the area of jurisdiction of the board, and,

- (a) by personal service or prepaid first class mail to every owner of land on which the proposed education development charge by-law would impose an education development charge, at the address shown on the last returned assessment roll or, if the clerk of the municipality or of the board, as the case may be, has received written notice of a subsequent change of address, at such address; or
- (b) by publication in one or more newspapers that are of sufficient general circulation in the area of jurisdiction of the board to give the public reasonable notice of the meeting.  
O. Reg. 722/89, s. 11.

12.—(1) A notice under subsection 31 (3) of the Act shall be in Form 1.

(2) A notice under subsection 31 (3) of the Act shall be given to the same persons and in the same manner as described in section 11, and by personal service on, or by prepaid first class mail to, every person who has given the secretary of the board a written request for notice of the passing of an education development charge by-law.

(3) Despite subsection (2), notice need not be given to a person who has requested notice of the passing of an education development charge by-law if the person has not given his or her address to the secretary of the board at the time that the request was made.  
O. Reg. 722/89, s. 12.

#### INTEREST

13. For the purposes of section 42 of the Act, interest shall be paid from the date of payment of the moneys being refunded at the Bank of Canada rate on the date the education development charge by-law comes into force, as adjusted on the first business days of January, April, July and October in each year.  
O. Reg. 722/89, s. 13.

#### MONTHLY STATEMENT FROM MUNICIPALITIES

14. The following information is prescribed for the purpose of subsection 37 (5) of the Act:

- 1. The number of building permits issued in respect of residential development on land subject to an education development charge of the board, or the number of building permits issued in respect of residential development on land subject to an education development charge of the board for each type of dwelling unit distinguished by the board.
- 2. The location of lands to which the building permits described in paragraph 1 pertained.

- 3. The amount of money collected in payment of education development charges of the board on residential development.
  - 4. The number of building permits issued to owners exempted from an education development charge of the board under section 9.
  - 5. The number of building permits issued in respect of commercial development on land subject to an education development charge of the board.
  - 6. The total declared value represented by the building permits described in paragraph 5.
  - 7. The amount of money collected in payment of education development charges of the board on commercial development.
- O. Reg. 722/89, s. 14.

EXEMPT OWNERS

15. A board shall exempt an owner from an education development charge on residential development if the land to which the charge would otherwise apply is subject to a written agreement that provides for the conveyance of the land that was signed on or before the 12th day of December, 1988, under which the land has not been conveyed. ELIZABETH THE SECOND, by the Grace of  
God of the United Kingdom, Canada and Her  
other Realms and Territories, Queen, Head of  
the Commonwealth, Defender of the Faith.

TO ALL TO WHOM THESE PRESENTS  
SHALL COME,

GREETING:

### PROCLAMATION

WHEREAS by an Act passed at the First Ses-  
sion of the Thirty-fourth Legislature of Ontario  
convened on the third day of November, 1987, and  
prorogued on the second day of March, 1989 inti-  
tuled the *Farm Implements Act, 1988*, Statutes of  
Ontario, 1988, Chapter 61 it is enacted thereof that  
the said Act shall come into force on a day to be  
named by Our Lieutenant Governor by his Procla-  
mation;

AND WHEREAS it has appeared expedient  
that a Proclamation should now issue bringing the  
said Act into force;

NOW THEREFORE KNOW YE that, having  
taken the premises into Our Royal consideration,  
We, by and with the advice of Our Executive  
Council of Ontario and in the exercise of the  
power in US vested in this behalf by the said Act  
or otherwise howsoever, Do, by this Our Royal  
PROCLAMATION hereby Name Monday, the  
first day of January, 1990 as the day upon which

the said Act intituled the *Farm Implements Act*,  
1988, Statutes of Ontario, 1988, Chapter 61 shall  
come into force.

OF ALL WHICH PREMISES all Our loving  
subjects and all others whom it doth or may in  
anywise concern are hereby required to take notice  
and govern themselves accordingly.

IN TESTIMONY WHEREOF We have caused  
these Our Letters to be made patent and the Great  
Seal of Our Province of Ontario to be hereunto  
affixed.

WITNESS:

THE HONOURABLE LINCOLN M. ALEXAN-  
DER, A Member of Our Privy Council for  
Canada, One of Our Counsel Learned in the  
Law, Bachelor of Arts, Doctor of Laws, LIEU-  
TENANT GOVERNOR OF OUR PROVINCE  
OF ONTARIO,

at Our City of Toronto in Our said Province this  
twenty-first day of December, in the year of Our  
Lord one thousand nine hundred and eighty-nine  
and in the thirty-eighth year of Our Reign.

BY COMMAND

CHRIS WARD,  
Minister of Government Services.

NOTE: Sections 1, 4, 35, 36 and 37 of the *Farm  
Implements Act, 1988* were proclaimed into  
force on April 1, 1989.

## MOTOR VEHICLE TRANSPORT ACT, 1987/ LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

### EXTRA-PROVINCIAL APPLICATIONS:

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied

for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

# TARIFF OF CHARTERED TRIP RATES (Section 10 Public Vehicles Act)

NOTE: (1) Submit 3 copies of Tariff and separate Tariff for each class of vehicle.  
(2) Column 1 refers to Equipment and Service Points. Column 2 refers to other points which are not protected by a tariff.

- (a) these points are not authorized in your operating licence;  
(b) these points include additional charges in excess of the amount of the tariff;  
(c) linehaul charges from these points are greater than linehaul charges from the nearest Equipment Point.  
(3) Separate tariff form is required when line 1 - column 1 charges are not identical between those listed in equipment points column (a), also when column 2 charges are not identical to those listed under all other points column (b).  
(4) Downhaul charges for service involving drop-off and subsequent pick-up are to be listed under supplementary charges.

## DEVELOPMENT CHARGES ACT, 1989

O. Reg. 725/89.

Development Charges.

Made—December 21st, 1989.

Filed—December 27th, 1989.

### REGULATION MADE UNDER THE DEVELOPMENT CHARGES ACT, 1989

#### DEVELOPMENT CHARGES

1.—(1) The determination of capital cost shall not include costs levied in an agreement under section 50 or 52 of the *Planning Act, 1983* before the coming into force of a development charge by-law.

(2) Despite subsection (1), the determination of capital cost may include all costs related to buildings, structures or facilities that have been oversized so as to accommodate future growth. O. Reg. 725/89, s. 1.

2. Despite any provision of a development charge by-law, a municipality shall not include in its calculation of development charges the growth-related net capital cost of a service that is not being provided at the time the development charges are being calculated. O. Reg. 725/89, s. 2.

3.—(1) Subject to subsection (2), a municipality shall base the calculation of development charges on the provision of services at standards no higher than the standards to which such services are currently provided or have been provided at any time in the ten years preceding the calculation.

(2) In calculating development charges, a municipality shall apply only those standards which have been approved by council and form part of an adopted official plan, an approved capital forecast or other similar expression of the intention of council.

(3) A standard approved under subsection (2) may be based on the provision of a service,

(a) throughout the municipality; or

(b) within a portion of the municipality as designated in a development charge by-law.

(4) A municipality may change the manner in which the services are provided.

(5) Any changes adopted under subsection (4) shall be based on changes in the design, delivery or operation of the affected services, and shall not provide for the imposition of a higher standard of service than the standard used under subsection (1).

(6) Despite subsections (1) and (5), if the standards which are currently applied are lower than the standards required under another Act, the calculation of development charges may be based on the provision of such services applying the standards required under such Act. O. Reg. 725/89, s. 3.

4.—(1) The calculation of development charges shall be based on growth-related net capital costs for a period not exceeding ten years from the date a development charge by-law comes into force.

(2) Despite subsection (1), the calculation of development charges may be based on growth-related net capital costs for water supply services, sanitary sewer services, storm drainage services, transportation services and waste disposal services for a period exceeding ten years. O. Reg. 725/89, s. 4.

5.—(1) A municipality may, in a development charge by-law, define uses as,

(a) residential, commercial or other general category; and

(b) specific categories within the general categories described in clause (a).

(2) A municipality shall calculate the growth-related net capital costs attributable to each of the uses of land, buildings or structures designated in a development charge by-law.

(3) A municipality may impose, with respect to each use of land, buildings or structures designated in a development charge by-law, only those growth-related net capital costs attributed to that use.

(4) A municipality that has provided, in its development charge by-law, for two or more specific use categories within a general category, may treat those specific use categories as a general use for the purposes of subsections (2) and (3).

(5) A municipality may treat any or all of the uses specified in its development charge by-law, except residential uses, as a single use for the purposes of subsections (2) and (3). O. Reg. 725/89, s. 5.

## 6.—(1) In this section,

“grade” means the average level of finished ground adjoining a dwelling unit at all exterior walls;

“gross floor area” means the total area of all floors above grade of a dwelling unit measured between the outside surfaces of exterior walls or between the outside surfaces of exterior walls and the centre line of party walls dividing the dwelling unit from another dwelling unit or other portion of a building;

“semi-detached or row dwelling” means a residential building consisting of one dwelling unit having one or two vertical walls, but no other parts, attached to another structure;

“single detached dwelling” means a residential building consisting of one dwelling unit and not attached to another structure.

(2) Subject to subsection (3), a development charge by-law shall not impose a development charge with respect to the creation of,

- (a) one or two additional dwelling units in an existing single detached dwelling; or
- (b) one additional dwelling unit in any other existing residential building.

(3) A development charge may be imposed under clause (2) (a) if the total gross floor area of the additional one or two units exceeds the gross floor area of the existing dwelling unit.

(4) A development charge may be imposed under clause (2) (b) if the additional unit has a gross floor area greater than,

- (a) in the case of a semi-detached or row dwelling, the gross floor area of the existing dwelling unit; and
  - (b) in the case of any other residential building, the gross floor area of the smallest dwelling unit contained in the residential building.
- O. Reg. 725/89, s. 6.

7. A municipality may provide in a development charge by-law that development charges may be adjusted one or two times annually in accordance with,

- (a) the Composite Southam Construction Cost Index (Ontario Series);
  - (b) the Engineering News Record Cost Indexes in 22 cities as published in the Engineering News Record; or
  - (c) Statistics Canada quarterly, *Construction Price Statistics*, catalogue number 62-007.
- O. Reg. 725/89, s. 7.

8. Notice of a public meeting under clause 4 (1) (b) of the Act may be given,

- (a) by personal service or prepaid first class mail to every owner of land in the area to which the proposed by-law would apply, at the address shown on the last revised assessment roll or, if the clerk of the municipality has received written notice of a change of ownership of land, at that address; or
- (b) by publication in a newspaper that is, in the clerk's opinion, of sufficiently general circulation in the area to which the proposed by-law would apply to give the public reasonable notice of the meeting. O. Reg. 725/89, s. 8.

9.—(1) The notice under subsection 4 (3) of the Act of the passing of a by-law shall be in Form 1.

(2) Notice under subsection 4 (3) of the Act shall be given in the same manner as described in section 8 and by personal service or prepaid first class mail,

- (a) to every person and agency that has given the clerk of the municipality a written request for notice of the passing of the by-law and has provided a return address;
- (b) in the case of a by-law passed by the council of an area municipality, to the clerk of the upper tier municipality in which the area municipality is located;
- (c) in the case of a by-law passed by the council of an upper tier municipality, to the clerks of the area municipalities; and
- (d) to the secretary of every school board having jurisdiction within the area to which the by-law applies. O. Reg. 725/89, s. 9.

10.—(1) A municipality that has a development charge by-law in force shall prepare a pamphlet setting out,

- (a) a description of the general purpose for which the development charge is being imposed;
- (b) the schedule of development charges established under the by-law; and
- (c) the services for which the development charge is being imposed.

(2) A municipality shall prepare a revised pamphlet if the development charge by-law is amended or a new by-law comes into force.

(3) A municipality shall prepare the pamphlet referred to in subsection (1) or (2),

- (a) if the by-law or the amendment to the by-law is not appealed under subsection 4 (4) of the Act, within sixty days of the day the by-law or amendment to the by-law comes into force;
- (b) if the by-law or the amendment to the by-law is appealed and the appeal is dismissed, within sixty days of the date of dismissal;
- (c) if the by-law or the amendment to the by-law is appealed and the council is ordered to amend the by-law, within sixty days of the date the municipality passes the amended by-law; or
- (d) if the by-law or amendment to the by-law is appealed and the Board amends the by-law, within sixty days of the date of the order of the Board.

(4) The clerk shall provide one copy of the pamphlet to any person, without charge, upon request.

(5) On or before the 1st day of March in each year, the clerk shall provide to the Minister of Municipal Affairs a copy of the pamphlet setting out the development charges in effect on the 31st day of December in the previous year.

(6) The clerk may provide additional copies of the pamphlet to any person upon payment of a fee to cover the cost of printing the additional copies.

(7) Any person may make copies of the pamphlet and distribute the copies to other persons. O. Reg. 725/89, s. 10.

11.—(1) A credit given under subsection 13 (1) of the Act shall not exceed the total development charge payable by an owner to the municipality.

(2) The reasonable cost to the owner of providing the services under subsection 13 (2) of the Act is the cost of providing the services in accordance with the standards described in section 3. O. Reg. 725/89, s. 11.

12. The statement under section 17 of the Act shall contain the following information in respect of each service for which the development charge is being imposed:

- 1. The balance as of the 1st day of January.
- 2. The distribution of the development charge proceeds received during the year.
- 3. The amount transferred to the capital fund.
- 4. The development charge amounts refunded or allocated to other services.
- 5. The apportionment of accrued interest.

6. The closing balance as of the 31st day of December.

7. An addendum indicating for each project the intended application of the amount transferred to the capital fund. O. Reg. 725/89, s. 12.

13.—(1) A municipality shall pay interest on a refund under subsection 5 (3), (5) or 8 (14) of the Act at a rate not less than the Bank of Canada rate on the date the development charge by-law comes into force.

(2) Despite subsection (1), the municipality may adjust the interest rate on the first business day of January, April, July and October in each year to a rate not less than the rate established by the Bank of Canada on that date.

(3) A municipality that makes an adjustment under subsection (2) is required to continue making adjustments on the dates and at the rate set out in that subsection. O. Reg. 725/89, s. 13.

## ENVIRONMENTAL PROTECTION ACT

O. Reg. 726/89.

Effluent Monitoring—Electric Power  
 Generation Sector.

Made—December 21st, 1989.

Filed—December 27th, 1989.

### REGULATION MADE UNDER THE ENVIRONMENTAL PROTECTION ACT

#### EFFLUENT MONITORING—ELECTRIC POWER GENERATION SECTOR

##### DEFINITIONS

1.—(1) In this Regulation,

“batch discharge effluent stream” means a stream identified as a batch discharge effluent stream in a Schedule;

“boiler blowdown effluent” means boiler blowdown water that is discharged directly or indirectly to a surface watercourse;

“boiler blowdown effluent sampling point” means a location in a boiler blowdown effluent stream situated,

- (a) before the place of discharge to a surface watercourse, and
- (b) upstream of any significant contaminant masking or significant dilution by any other effluent;

“boiler blowdown effluent stream” means boiler blowdown effluent that flows through an open or closed channel;

“boiler blowdown water” means recirculating boiler water that is discharged from a boiler for the purpose of controlling the level of water in the boiler or for the purpose of discharging from the boiler materials contained in the recirculating boiler water the further buildup of which would impair the operation of the boiler;

“characterization” means the analysis of a sample to identify and quantify all of the parameters in Schedule AA other than the parameters in analytical test groups E2 and E3 as set out in that Schedule;

“chlorination sampling point” means a location in a once-through cooling water effluent stream situated,

- (a) before the place of discharge to a surface watercourse,
- (b) downstream of any turbine exhaust steam condenser through which the stream flows, and
- (c) upstream of any point at which the stream joins any other stream;

“coal pile effluent” means effluent from a coal pile area;

“coal pile effluent sampling point” means a location in a coal pile effluent stream situated,

- (a) before the place of discharge to a surface watercourse,
- (b) upstream of any treatment,
- (c) upstream of any significant contaminant masking or significant dilution by any other effluent, and
- (d) downstream of the point at which the stream flows away from the coal pile area;

“coal pile effluent stream” means coal pile effluent that flows through an open or closed channel;

“equipment cleaning effluent” means,

- (a) effluent that results from the washing or chemical cleaning of industrial equipment, including boilers and heat exchangers, and
- (b) effluent that is discharged from a boiler following the wet layup of the boiler;

“equipment cleaning effluent sampling point” means a location in an equipment cleaning effluent stream situated,

- (a) before the place of discharge to a surface watercourse, and
- (b) upstream of any significant contaminant masking or significant dilution by any other effluent;

“equipment cleaning effluent stream” means equipment cleaning effluent that flows through an open or closed channel;

"event discharge effluent" means effluent in an event discharge effluent stream;

"event discharge effluent sampling point" means a location in an event discharge effluent stream situated,

- (a) before the place of discharge to a surface watercourse, and
- (b) upstream of any significant contaminant masking or significant dilution by any other effluent;

"event discharge effluent stream" means a stream identified as an event discharge effluent stream in a Schedule;

"General Effluent Monitoring Regulation" means Ontario Regulation 695/88;

"once-through cooling water sampling point" means a location in a once-through cooling water effluent stream situated before the place of discharge to a surface watercourse and,

- (a) in the case of a plant in Category C, downstream of any additions of any other effluent, other than additions from water treatment plant neutralization sumps, or
- (b) in the case of any other plant, downstream of any additions of any other effluent;

"potentially contaminated building effluent" means effluent,

- (a) that is collected from equipment drains, floor drains or trenches within a building into a sump, and
- (b) that is not known to be free from contamination by,
  - (i) chemicals stored at a plant for use at the plant in an industrial process or in the maintenance or operation of industrial equipment, or
  - (ii) chemicals used at a plant in an industrial process or in the maintenance or operation of industrial equipment;

"potentially contaminated building effluent sampling point" means a location in a potentially contaminated building effluent stream situated,

- (a) before the place of discharge to a surface watercourse,
- (b) after any final treatment, and
- (c) upstream of any significant contaminant masking or significant dilution by any other effluent;

"potentially contaminated building effluent stream" means potentially contaminated building effluent that flows from a sump through an open or closed channel;

"process change" means a change in equipment, production process or treatment process;

"process effluent" means,

- (a) effluent that comes into contact by design with any industrial process, or
- (b) effluent that is discharged from any pollution control system or device;

"temperature measurement point" means a location in a once-through cooling water effluent stream located before the place of discharge to a surface watercourse and downstream of any heat exchanger located on the stream.

(2) The definitions in section 1 of the General Effluent Monitoring Regulation that are not redefined in this Regulation apply to this Regulation.

(3) In the General Effluent Monitoring Regulation, in so far as it governs direct dischargers to whom this Regulation applies, "batch discharge effluent" means effluent in a batch discharge effluent stream.

(4) A reference in this Regulation to a column of a monitoring schedule for a stream is, in the case of a stream that is named in the schedule, a reference to a column headed by that stream's type and the name of the stream.

(5) A reference in this Regulation to a column of a monitoring schedule for a stream is, in the case of a stream that is not named in the schedule, a reference to a column headed by that stream's type and the designation "unnamed".

(6) For the purposes of subsections (4) and (5), stream types are the types referred to in subsection 4 (1). O. Reg. 726/89, s. 1.

#### PURPOSE

2. The purpose of this Regulation is to establish a data base on effluent quality in the electric power generation sector that, along with other pertinent information, will be used to develop effluent limits for that sector and to quantify the mass loadings of monitored contaminants being discharged by that sector into surface watercourses. O. Reg. 726/89, s. 2.

#### APPLICATION

3.—(1) This Regulation applies only with respect to the plants listed in the Table in subsection (3) and only with respect to streams on which a sampling point or temperature measurement point is established under section 4, and, in addition,

- (a) subsection 22 (27) applies to each once-through cooling water effluent stream in each plant listed in the Table in subsection (3), whether or not a sampling point or temperature measurement point is established on the stream, and
- (b) subsection 22 (36) applies to each plant listed in Schedule DD, whether or not the plant is also listed in the Table in subsection (3).

(2) For the purposes of this Regulation, the plants to which this Regulation applies are divided into categories as set out in the Table in subsection (3).

(3) The monitoring schedule for each plant is as follows:

(4) This Regulation is a Sectoral Effluent Monitoring Regulation within the meaning of the General Effluent Monitoring Regulation.

(5) Each direct discharger shall carry out the monitoring obligations of this Regulation, including the sampling, analysis, toxicity testing, flow measurement, recording and reporting obligations of this Regulation, in accordance with the General Effluent Monitoring Regulation.

(6) Each direct discharger shall carry out the sampling and analytical obligations in relation to samples to be analyzed for parameters in analytical test groups E1, E2 and E3 as set out in Schedule AA in accordance with Schedules BB and CC.

(7) In addition to complying with subsection 3 (19) of the General Effluent Monitoring Regulation, each direct discharger shall use only sampling equipment for the collection of samples, the wettable surfaces of which are made of,

- (a) fluorocarbon resins, glass or stainless steel for samples that are to be analyzed for parameters in analytical test group E3 as set out in Schedule AA; and
- (b) fluorocarbon resins, glass or stainless steel, high or low density polyethylene, polyethylene terephthalate, polystyrene or polypropylene for samples that are to be analyzed for parameters in analytical test groups E1 and E2 as set out in Schedule AA.

(8) Despite subsection (7), a direct discharger may use sampling devices that contain a short section of surgical grade silicone rubber tubing or other tubing approved by the Director if such tubing cannot be replaced by a material mentioned in subsection (7) without impairing the operation of the device.

(9) For the purposes of subsections 3 (22), (25a) and (26) of the General Effluent Monitoring Regulation,

- (a) a sample collected for analysis for parameters in more than one analytical test group as set out in Schedule AA is deemed to be a sample collected for analysis for parameters in more than one analytical test group in Schedule 1 to the General Effluent Monitoring Regulation; and
- (b) a laboratory sample container specified in Column 2 of Schedule BB to this Regulation

is deemed to be a laboratory sample container specified in Column 2 of Schedule 2 to the General Effluent Monitoring Regulation.

(10) Instead of the minimum sample volumes specified in Column 5 of Schedule BB, a direct discharger may, in relation to a sample to be analyzed, submit to the laboratory performing the analysis the minimum sample volume required by the laboratory to meet the analytical method detection limits set out in Column 6 of Schedule CC.

(11) Each direct discharger shall carry out the monitoring obligations, including the sampling, analysis, toxicity testing, flow measurement, recording and reporting obligations of this Regulation in relation to boiler blowdown effluent and event discharge effluent in accordance with the methods specified in the General Effluent Monitoring Regulation in relation to process effluent.

(12) Each direct discharger shall carry out the monitoring obligations, including the sampling, analysis, flow measurement, recording and reporting obligations of this Regulation in relation to coal pile effluent in accordance with the methods specified in the General Effluent Monitoring Regulation in relation to storm water.

(13) Each direct discharger shall carry out the monitoring obligations, including the sampling, analysis, flow measurement, recording and reporting obligations of this Regulation in relation to equipment cleaning effluent and potentially contaminated building effluent in accordance with the methods specified in the General Effluent Monitoring Regulation in relation to waste disposal site effluent.

(14) Each direct discharger shall carry out the sampling and analytical obligations of this Regulation in relation to boron, lithium, strontium, bromodichloromethane, biphenyl and diphenyl ether in accordance with Notes A to F to Schedule AA.

(15) An obligation on a direct discharger to do a thing under this Regulation is discharged if another person has done it on the direct discharger's behalf.

(16) Sections 4 to 21 cease to apply in respect of a sampling point of a direct discharger where an approval is granted under subsection 24 (1) of the *Ontario Water Resources Act*,

- (a) to route the effluent stream on which the sampling point is established to a sewage works; or

- (b) to eliminate the effluent stream on which the sampling point is established. O. Reg. 726/89, s. 3.

#### SAMPLING AND TEMPERATURE MEASUREMENT POINTS

4.—(1) Each direct discharger shall, by the 1st day of April, 1990, establish sampling points on effluent streams of the discharger, as follows:

1. A batch discharge effluent sampling point on each batch discharge effluent stream named in the monitoring schedule for the discharger's plant.
2. A boiler blowdown effluent sampling point on each boiler blowdown effluent stream in the discharger's plant.
3. A coal pile effluent sampling point on each coal pile effluent stream in the discharger's plant.
4. A chlorination sampling point on each once-through cooling water effluent stream that is periodically dosed by the discharger with sodium hypochlorite or chlorine and that passes through a turbine exhaust steam condenser.
5. A combined effluent sampling point on each combined effluent stream named in the monitoring schedule for the discharger's plant.
6. An emergency overflow effluent sampling point on each emergency overflow effluent stream in the discharger's plant.
7. An equipment cleaning effluent sampling point on each equipment cleaning effluent stream in the discharger's plant, in the case of the plants in Category A, C or E.
8. An equipment cleaning effluent sampling point on each equipment cleaning effluent stream named in the monitoring schedule for the discharger's plant, in the case of the plants in Category D or F.
9. An event discharge effluent sampling point on each event discharge effluent stream named in the monitoring schedule for the discharger's plant.
10. A once-through cooling water sampling point on the largest once-through cooling water effluent stream in the discharger's plant, in the case of all plants other than the plants in Category B and the plants referred to in subsection 3 (3) as Lambton TGS, Lennox TGS and Pickering NGS-A and B.
11. A once-through cooling water sampling point on any two transformer once-through cooling water effluent streams in the discharger's

plant, in the case of the plants referred to in subsection 3 (3) as Decew Falls NF 23 GS and Sir Adam Beck 2 GS.

12. A once-through cooling water sampling point on the largest once-through cooling water effluent stream in the discharger's plant and on any two transformer once-through cooling water effluent streams in the discharger's plant, in the case of the plants referred to in subsection 3 (3) as Lambton TGS and Lennox TGS.
13. A once-through cooling water sampling point on the streams referred to at the plant as the NGS-A Reactor Building Service Water Stream, the Auxiliary Irradiated Fuel Bay Service Water Stream, the Sulzer Service Water Area Stream, the U.P.P. Service Water Stream, the Condenser Cooling Water Units 1 and 2 Stream, the Condenser Cooling Water Unit 3 Stream and the Condenser Cooling Water Unit 4 Stream, in the case of the part of the plant known as Pickering NGS-A at the plant referred to in subsection 3 (3) as Pickering NGS-A and B.
14. A once-through cooling water sampling point on the largest once-through cooling water effluent stream and on the stream referred to at the plant as the NGS-B Reactor Building Service Water Stream, in the case of the part of the plant known as Pickering NGS-B at the plant referred to in subsection 3 (3) as Pickering NGS-A and B.
15. A potentially contaminated building effluent sampling point on each potentially contaminated building effluent stream in the discharger's plant.
16. A process effluent sampling point on each process effluent stream named in the monitoring schedule for the discharger's plant.
17. A storm water sampling point on each storm water effluent stream in the discharger's plant, in the case of all plants other than the plants in Category B or G.
18. A storm water sampling point on each storm water effluent stream named in the monitoring schedule for the discharger's plant, in the case of the plants in Category B or G.
19. A waste disposal site effluent sampling point on each waste disposal site effluent stream in the discharger's plant, in the case of all plants other than the plants in Category E or G.
20. A waste disposal site effluent sampling point on each waste disposal site effluent stream named in the monitoring schedule for the dis-

charger's plant, in the case of the plants in Category E or G.

(2) A direct discharger who has more than one storm water catchment area with the same land use may, by the 1st day of April, 1990, instead of establishing sampling points on each storm water effluent stream that originates from each such catchment area as required by paragraph 17 of subsection (1), establish sampling points only on,

- (a) each storm water effluent stream that originates from the dirtiest of those areas; and
- (b) each storm water effluent stream that originates from any of those areas if it is named in the monitoring schedule for the discharger's plant.

(3) For the purpose of subsection (2), one catchment area is dirtier than another if the effluent that flows from it is more likely to harm the natural environment than the effluent that flows from the other area.

(4) A determination by a direct discharger under subsection (2) as to the relative dirtiness of two or more catchment areas in the discharger's plant is deemed to be accurate so long as it was made reasonably and in good faith.

(5) Subject to subsections 6 (3), 11 (3) and 20 (8), each direct discharger shall use the sampling points established under subsections (1) and (2) for all sampling required by this Regulation, except that a direct discharger may use alternate sampling points where that is acceptable to the Director.

(6) Subject to subsections (7) and (8), in the case of the plants in Categories A, C, D and G, each direct discharger shall, by the 1st day of April, 1990, establish a temperature measurement point on each once-through cooling water effluent stream on which the discharger is required by subsection (1) to establish a sampling point.

(7) In the case of the part of the plant known as Pickering NGS-A at the plant referred to in subsection 3 (3) as Pickering NGS-A and B, a temperature measurement point need only be established on the largest once-through cooling water effluent stream and on the stream referred to at the plant as the NGS-A Reactor Building Service Water Stream.

(8) In the case of the part of the plant known as Pickering NGS-B at the plant referred to in subsection 3 (3) as Pickering NGS-A and B, a temperature measurement point need only be established on the largest once-through cooling water effluent stream.

(9) Subject to subsection (11), each direct discharger shall collect each sample required to be collected from a process, combined or event discharge effluent sampling point as a composite sample in accordance with subsection 3 (4) of the General Effluent Monitoring Regulation.

(10) Despite subsection 3 (11), each direct discharger shall collect each sample required to be collected from a boiler blowdown effluent sampling point in accordance with clause 3 (4) (c), (d) or (e) of the General Effluent Monitoring Regulation.

(11) In the case of the plants in Category C, each direct discharger shall collect each sample required to be collected from an event discharge effluent sampling point as a single grab sample taken during the second half of a discharge in the stream.

(12) Each direct discharger shall collect all samples required to be collected by clause 6 (1) (a), subsection 6 (6) and sections 8, 9 and 10 from any process effluent, combined effluent, batch discharge effluent and boiler blowdown effluent streams that flow into the same once-through cooling water effluent stream on the same days, to the extent that the sampling frequency requirements of this Regulation permit.

O. Reg. 726/89, s. 4.

#### BOILER BLOWDOWN EFFLUENT MONITORING SCHEDULE

5.—(1) Where there are two or more boiler blowdown effluent streams in a plant, the direct discharger for the plant meets the monitoring requirements of sections 7 to 10 and 20 in relation to those streams during the period beginning the 1st day of June, 1990 and ending the 31st day of May, 1991 if the discharger monitors those streams in accordance with a schedule that ensures that,

- (a) each boiler blowdown effluent stream in the plant is monitored under all of sections 7 to 10 and 20 throughout at least two months in the period; and
- (b) at least one boiler blowdown effluent stream in the plant is monitored under all of sections 7 to 10 and 20 throughout each month in which boiler blowdown effluent is discharged from the discharger's plant in the period.

(2) For the purposes of clauses (1) (a) and (b), a boiler blowdown effluent stream is monitored under all of sections 7 to 10 and 20 throughout a month if it is monitored under all of the sections throughout the same month.

(3) Where there are two or more boiler blowdown effluent streams in a plant, the direct discharger for the plant meets the monitoring requirements of section 7 in relation to those streams on and after the 1st day of June, 1991, if the discharger monitors only one of those streams.

(4) The part of the plant known as Pickering NGS-A and the part of the plant known as Pickering NGS-B, at the plant referred to in subsection 3 (3) as Pickering NGS-A and B, are each plants within the meaning of subsections (1) and (3). O. Reg. 726/89, s. 5.

## CHARACTERIZATION AND OPEN CHARACTERIZATION

6.—(1) Each direct discharger shall collect a set of samples sufficient to perform all of the analyses required by subsection (8) from each process effluent, combined effluent, event discharge effluent and batch discharge effluent sampling point of the discharger,

- (a) on one operating day in each quarter; and
- (b) once, on an operating day, within thirty days after every process change that is expected to adversely affect the quality of effluent at that sampling point.

(2) Subject to subsection (3), where a direct discharger has been unable to collect a set of samples from an event discharge effluent sampling point in any quarter as required by clause (1) (a) because of insufficient flow throughout the quarter, the discharger shall, as soon as possible, collect a compensating set of samples sufficient to perform all of the analyses required by subsection (8) from that sampling point, on an operating day on which a set of samples is not collected from that point under clause (1) (a).

(3) In the case of the plants referred to in subsection 3 (3) as Lambton TGS and Lakeview TGS, where a direct discharger is unable to collect a set of samples from an event discharge effluent sampling point in any quarter as required by clause (1) (a) because of insufficient flow throughout the quarter, the discharger shall, during the quarter, collect a compensating set of samples sufficient to perform all of the analyses required by subsection (8) from the pond that feeds the stream on which the sampling point is situated.

(4) Samples collected under subsection (3) shall be collected at a location in the pond situated within ten metres of the mouth of the stream.

(5) Clause (1) (b) does not apply to experimental process changes of less than thirty days in duration.

(6) On one operating day in each quarter, each direct discharger shall collect a set of samples sufficient to perform all of the analyses required by subsection (8) from each boiler blowdown effluent sampling point of the discharger from which samples are collected under sections 7 to 10 and 20 in the month in which the operating day falls.

(7) For the purpose of subsection 4 (3) of the General Effluent Monitoring Regulation, all samples collected under subsections (1) to (3) and (6) are collected for characterization.

(8) Each direct discharger shall perform a characterization and an open characterization on each set of samples collected under subsections (1) to (3) and (6).

(9) A direct discharger need only fulfil the requirements of clause (1) (a) and subsection (6) in four consecutive quarters.

(10) For the purposes of clause (1) (a) and subsection (6), samples collected from a sampling point after the first sample is collected from that sampling point under clause (1) (a) or subsection (6) shall be collected no sooner than six weeks and no later than four months after the previous sampling under clause (1) (a) or subsection (6) from that sampling point. O. Reg. 726/89, s. 6.

## DAILY MONITORING

7.—(1) During each operating day, each direct discharger shall take a single grab sample from each sampling point on each process effluent stream indicated in the monitoring schedule for the discharger's plant as requiring analytical test group E2 daily monitoring, and shall analyze the sample for the parameters in analytical test group E2.

(2) During each operating day, each direct discharger shall collect a set of samples from each process effluent, combined effluent, batch discharge effluent and boiler blowdown effluent sampling point of the discharger, and shall analyze each such set for the parameters indicated in the daily column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(3) Subsection (2) does not apply in respect of a stream on any day on which a sufficient volume of sample cannot be collected from the stream because of the collection of inspection samples. O. Reg. 726/89, s. 7.

## THRICE-WEEKLY MONITORING

8.—(1) On three operating days in each week, each direct discharger shall collect a set of samples sufficient to perform the analyses required by subsections (2) and (3) from each process effluent, combined effluent, batch discharge effluent and boiler blowdown effluent sampling point of the discharger.

(2) Each direct discharger shall analyze each set of samples collected under subsection (1) for the parameters indicated in the thrice-weekly column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(3) Each direct discharger for the plant referred to in subsection 3 (3) as Nanticoke TGS shall, in addition to performing the analyses required by subsection (2), analyze each set of samples collected under subsection (1) from the stream referred to at the plant as the Ash Transport Water System Stream for the parameter selenium in analytical test group 10 as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(4) In the case of a plant in Category C or F at which ammonia is not added to recirculating boiler water, a direct discharger need not analyze sets of samples collected under subsection (1) from a boiler blowdown effluent stream for the parameter ammonia plus ammonium in analytical test group 4a as set out

in Schedule 1 to the General Effluent Monitoring Regulation.

(5) In the case of a plant in Category C at which morpholine is not added to recirculating boiler water, a direct discharger need not analyze sets of samples collected under subsection (1) from a boiler blowdown effluent stream for the parameters in analytical test groups 5a and 5b as set out in Schedule 1 to the General Effluent Monitoring Regulation. O. Reg. 726/89, s. 8.

#### WEEKLY MONITORING

9.—(1) On one operating day in each week, each direct discharger shall collect a set of samples sufficient to perform the analyses required by subsections (2) to (6) from each process effluent, combined effluent, batch discharge effluent and boiler blowdown effluent sampling point of the discharger.

(2) Each direct discharger shall analyze each set of samples collected under subsection (1) for the parameters indicated in the weekly column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(3) Each direct discharger for the plant referred to in subsection 3 (3) as Thunder Bay TGS shall, in addition to performing the analyses required by subsection (2), analyze each set of samples collected under subsection (1) from the streams referred to at the plant as the Water Treatment Plant Neutralization Sump Stream and the Ash Transport Water System Stream for the parameter chloroform in analytical test group 16 as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(4) In the case of a plant in respect of which subsection 8 (4) applies, each direct discharger shall, in addition to performing the analyses required by subsection (2), analyze each set of samples collected under subsection (1) from each boiler blowdown effluent stream of the discharger for the parameter ammonia plus ammonium in analytical test group 4a as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(5) In the case of a plant in respect of which subsection 8 (5) applies, each direct discharger shall, in addition to performing the analyses required by subsection (2), analyze each set of samples collected under subsection (1) from each boiler blowdown effluent stream of the discharger for the parameters in analytical test groups 5a and 5b as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(6) Each direct discharger for the plant referred to in subsection 3 (3) as Pickering NGS-A and B shall, in addition to performing the analyses required by subsection (2), analyze each set of samples collected under subsection (1) from the stream referred to at the plant as the Radioactive Liquid Waste Management Tanks Stream for the parameters cadmium and lead in ana-

lytical test group 9 as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(7) Each set of samples collected under subsection (1) shall be collected on one of the days on which a sample is collected under subsection 8 (1) from the same sampling point, if a sample is collected from that sampling point under subsection 8 (1) in the week.

(8) For the purposes of subsection (1), samples collected from a sampling point after the first sample is collected from that sampling point under subsection (1) shall be collected no sooner than two days after the previous sampling under subsection (1) from that sampling point. O. Reg. 726/89, s. 9.

#### MONTHLY MONITORING

10.—(1) On one operating day in each month, each direct discharger shall collect a set of samples sufficient to perform the analyses required by subsections (2) and (3) from each process effluent, combined effluent, batch discharge effluent and boiler blowdown effluent sampling point of the discharger.

(2) Each direct discharger shall analyze each set of samples collected under subsection (1) for the parameters indicated in the monthly column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(3) Each direct discharger for the plant referred to in subsection 3 (3) as Pickering NGS-A and B shall, in addition to performing the analyses required by subsection (2), analyze each set of samples collected under subsection (1) from the stream referred to at the plant as the Radioactive Liquid Waste Management Tanks Stream for the parameters in analytical test group 24 as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(4) Each set of samples collected under subsection (1) shall be collected on one of the days on which a sample is collected under subsection 8 (1) from the same sampling point, if a sample is collected from that sampling point under subsection 8 (1) in the month.

(5) Each set of samples collected under subsection (1) shall be collected on one of the days on which a sample is collected under subsection 9 (1) from the same sampling point, if a sample is collected from that sampling point under subsection 9 (1) in the month.

(6) For the purposes of subsection (1), samples collected from a sampling point after the first sample is collected from that sampling point under subsection (1) shall be collected no sooner than two weeks after the previous sampling under subsection (1) from that sampling point. O. Reg. 726/89, s. 10.

#### EVENT DISCHARGE EFFLUENT MONITORING

11.—(1) On one operating day in each month, each direct discharger shall collect a set of samples from each event discharge effluent sampling point of the

discharger, and shall analyze each such set for the parameters indicated in the column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(2) Subject to subsection (3), where a direct discharger has been unable to collect a set of samples from an event discharge effluent sampling point in any month as required by subsection (1) because of insufficient flow throughout the month, the discharger shall, as soon as possible, collect a compensating set of samples from that sampling point, on an operating day on which a set of samples is not collected from that point under subsection (1), and shall analyze each such set for the parameters indicated in the column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(3) In the case of the plants referred to in subsection 3 (3) as Lambton TGS and Lakeview TGS, where a direct discharger is unable to collect a set of samples from an event discharge effluent sampling point in any month as required by subsection (1) because of insufficient flow throughout the month, the discharger shall, on an operating day during the month, collect a compensating set of samples from the pond that feeds the stream on which the sampling point is situated, and shall analyze each such set for the parameters indicated in the column for that stream, of the monitoring schedule for the discharger's plant.

(4) Samples collected under subsection (3) shall be collected at a location in the pond situated within ten metres of the mouth of the stream. O. Reg. 726/89, s. 11.

#### ONCE-THROUGH COOLING WATER MONITORING

12.—(1) On one operating day in each month, each direct discharger shall collect a set of samples from each once-through cooling water sampling point of the discharger, and shall analyze each such set for the parameters indicated in the monthly column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(2) Each set of samples collected under subsection (1) from a once-through cooling water effluent stream shall be collected on one of the days on which a sample is collected under subsection 10 (1) from a stream that flows into that once-through cooling water effluent stream, if any.

(3) For the purpose of subsection (1), samples collected from a sampling point after the first sample is collected from that sampling point under subsection (1) shall be collected no sooner than two weeks after the previous sampling from that sampling point under subsection (1).

(4) Each direct discharger who periodically doses once-through cooling water effluent streams with sodium hypochlorite or chlorine shall collect a single grab sample during the second half of each dosing

period from an affected chlorination sampling point of the discharger, and shall analyze the sample for the parameter in analytical test group E2 as set out in Schedule AA. O. Reg. 726/89, s. 12.

#### TEMPERATURE MEASUREMENT—GENERAL

13.—(1) Each direct discharger shall, throughout each operating day, continuously measure the temperature of the effluent at each temperature measurement point established under subsections 4 (6) to (8) for the discharger's plant, and shall calculate hourly temperature averages for each point based on readings taken at intervals no greater than fifteen minutes throughout each operating day.

(2) Each direct discharger shall, throughout each operating day, continuously measure the temperature of water taken into the discharger's plant directly from a surface watercourse, and shall calculate hourly intake water temperature averages based on readings taken at intervals no greater than fifteen minutes throughout each operating day.

(3) Each direct discharger shall calculate a temperature rise for each hour of each operating day in relation to each temperature measurement point, by subtracting the intake water temperature average for the hour as calculated under subsection (2) from the temperature average for the hour for that point as calculated under subsection (1).

(4) Each direct discharger shall, based on the calculations made under subsections (1) to (3), calculate and record the following:

1. An average temperature rise in relation to each temperature measurement point for each operating day, being the average of the hourly temperature rises calculated under subsection (3) in relation to that point on that day.
2. A minimum temperature rise in relation to each temperature measurement point for each operating day, being the lowest of the hourly temperature rises calculated under subsection (3) in relation to that point on that day.
3. A maximum temperature rise in relation to each temperature measurement point for each operating day, being the highest of the hourly temperature rises calculated under subsection (3) in relation to that point on that day.
4. An average intake water temperature for each operating day, being the average of the hourly averages calculated under subsection (2) on that day.
5. A minimum intake water temperature for each operating day, being the lowest of the

hourly averages calculated under subsection (2) on that day.

6. A maximum intake water temperature for each operating day, being the highest of the hourly averages calculated under subsection (2) on that day.
7. An average temperature for each temperature measurement point for each operating day, being the average of the hourly averages calculated under subsection (1) for that point on that day.
8. A minimum temperature for each temperature measurement point for each operating day, being the lowest of the hourly averages calculated under subsection (1) for that point on that day.
9. A maximum temperature for each temperature measurement point for each operating day, being the highest of the hourly averages calculated under subsection (1) for that point on that day.

(5) Where on any operating day a direct discharger cannot meet a requirement to continuously measure the temperature of the effluent at a temperature measurement point under subsection (1) or to continuously measure the temperature of intake water under subsection (2), because of equipment malfunction and all reasonable care has been taken to avoid and correct the malfunction, or because of necessary equipment maintenance carried out with dispatch, the discharger may instead,

- (a) at intervals no greater than one hour throughout the day, take compensating temperature measurements of the effluent or intake water, as the case may be; or
- (b) using an energy balance, make a compensating temperature calculation for the day for the effluent or intake water, as the case may be.

(6) Where the taking of temperature measurements or the calculation of temperature under subsection (5) makes it impossible for a direct discharger to calculate a value required to be calculated and recorded under subsection (4), the discharger may instead use the data obtained under subsections (1) to (5) to calculate and record the closest possible approximation of that value.

(7) Each direct discharger shall use a resistance temperature detector or an instrument of equivalent accuracy when measuring temperature under subsections (1) and (2).

(8) This section does not apply in respect of plants in Category B, E, F, G, H or I. O. Reg. 726/89, s. 13.

#### TEMPERATURE MEASUREMENT—CHALK RIVER NUCLEAR LABORATORIES

14.—(1) This section applies only in respect of the plant in Category G.

(2) Each direct discharger shall, throughout each operating day, continuously measure and record the temperature of the effluent at the temperature measurement point established under subsection 4 (6) for the discharger's plant.

(3) Each direct discharger shall examine the record generated under subsection (2) for each operating day and shall, based on the examination, select the hour during the day during which the temperature of the effluent at the temperature measurement point appears to have been, on average, the highest.

(4) Each direct discharger shall calculate the average temperature of the effluent at the temperature measurement point during the hour selected for each operating day under subsection (3), and shall record the calculated average as the daily maximum temperature at the temperature measurement point.

(5) Each direct discharger shall, throughout each operating day, continuously measure and record the temperature of water taken into the plant directly from a surface watercourse, and shall calculate and record an intake water temperature average for each operating day based on a minimum of eight readings taken at approximately equal time intervals throughout the day.

(6) Each direct discharger shall calculate and record a temperature rise for each operating day by subtracting the intake water temperature average for the day as calculated under subsection (5) from the maximum temperature at the temperature measurement point for the day, as calculated under subsection (4).

(7) Where on any operating day a direct discharger cannot meet the requirement to continuously measure the temperature of the effluent at the temperature measurement point under subsection (2) or to continuously measure the temperature of intake water under subsection (5), because of equipment malfunction and all reasonable care has been taken to avoid and correct the malfunction, or because of necessary equipment maintenance carried out with dispatch, the discharger may instead,

- (a) at intervals no greater than eight hours throughout the day, take compensating temperature measurements of the effluent or intake water, as the case may be; or
- (b) using an energy balance, make a compensating temperature calculation for the day for the effluent or intake water, as the case may be.

(8) Where the taking of temperature measurements or the calculation of temperature under subsection (7) makes it impossible for a direct discharger to calculate a value required to be calculated and recorded under subsections (4) to (6), the discharger may instead use the data obtained under subsections (2) to (7) to calculate and record the closest possible approximation of that value.

(9) Each direct discharger shall use a resistance temperature detector or an instrument of equivalent accuracy when measuring temperature under subsections (2) and (5). O. Reg. 726/89, s. 14.

#### MONTHLY MONITORING — STORM WATER AND COAL PILE EFFLUENT

15.—(1) On one operating day in each month, each direct discharger shall collect a set of samples sufficient to perform the analyses required by subsections (3) to (5) from each storm water sampling point and coal pile effluent sampling point of the discharger.

(2) Where a direct discharger has been unable to collect a set of samples from a storm water sampling point or a coal pile effluent sampling point in any month as required by subsection (1) because of insufficient flow throughout the month, the discharger shall, as soon as possible, collect a compensating set of samples from that sampling point, on an operating day on which a set of samples is not collected from that point under subsection (1), sufficient to perform the analyses required by subsections (3) to (5).

(3) Each direct discharger shall analyze each set of samples collected under subsections (1) and (2) for the parameters indicated in the column, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(4) Each direct discharger for the plant referred to in subsection 3 (3) as R.L. Hearn TGS shall, in addition to performing the analyses required by subsection (3), analyze each set of samples collected under subsections (1) and (2) from each storm water effluent stream of the discharger for the parameters 2-methylnaphthalene and naphthalene in analytical test group 19 as set out in Schedule 1 to the General Effluent Monitoring Regulation and for the parameters in analytical test group 24 as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(5) Each direct discharger for the plants referred to in subsection 3 (3) as Decew Falls NF 23 GS and Sir Adam Beck 2 GS shall, in addition to performing the analyses required by subsection (3), analyze each set of samples collected under subsections (1) and (2) from the streams referred to at each plant as the Transformer Yard Drain Stream for the parameter o-Xylene and for the parameter m-Xylene and p-Xylene, both in analytical test group 17 as set out in Schedule 1 to the General Effluent Monitoring Regulation.

(6) Each direct discharger shall make every reasonable effort to ensure that the samples collected under

subsection (1) from each storm water and coal pile effluent sampling point of the discharger in at least two of the months of January, February, March, April and May are collected during a thaw with collection during the second thaw to occur no sooner than two weeks after collection during the first thaw. O. Reg. 726/89, s. 15.

#### WASTE DISPOSAL SITE EFFLUENT MONITORING

16.—(1) On one operating day in each month, each direct discharger shall collect a set of samples from each waste disposal site effluent sampling point of the discharger, during a discharge that affects the sampling point, and shall analyze each such set for the parameters indicated in the column for the stream from which the set was collected of the monitoring schedule for the discharger's plant.

(2) Subsection (1) does not apply in respect of a stream during any month in which a sufficient volume of sample cannot be collected from the stream because of lack of flow. O. Reg. 726/89, s. 16.

#### EQUIPMENT CLEANING EFFLUENT AND POTENTIALLY CONTAMINATED BUILDING EFFLUENT MONITORING

17.—(1) On one operating day in each month, each direct discharger shall collect a set of samples from each equipment cleaning effluent and potentially contaminated building effluent sampling point of the discharger, during a discharge that affects the sampling point, and shall analyze each such set for the parameters indicated in the column for the stream from which the set was collected of the monitoring schedule for the discharger's plant.

(2) Subsection (1) does not apply in respect of a stream during any month in which a sufficient volume of sample cannot be collected from the stream because of lack of flow. O. Reg. 726/89, s. 17.

#### EMERGENCY OVERFLOW EFFLUENT MONITORING

18.—(1) During each emergency overflow, each direct discharger shall collect a set of samples from each affected emergency overflow effluent sampling point of the discharger, and shall analyze each such set for the parameters indicated in the column for the stream from which the set was collected of the monitoring schedule for the discharger's plant.

(2) Subsection (1) does not apply if the collection of samples would result in extraordinary danger to health or safety. O. Reg. 726/89, s. 18.

#### QUALITY CONTROL MONITORING

19.—(1) Each direct discharger shall select, for the purpose of this section, the process effluent stream in respect of which the monitoring schedule for the discharger's plant indicates the largest number of parameters to be analyzed for in analytical test groups 16 to 20, 23, 24 and 27.

(2) If a direct discharger's plant has no process effluent stream in respect of which a parameter in analytical test groups 16 to 20, 23, 24 and 27 is required to be analyzed for, the discharger shall instead select the process effluent stream in respect of which the monitoring schedule for the discharger's plant indicates the largest number of parameters to be analyzed for in all analytical test groups.

(3) If a direct discharger's plant has no process effluent stream, the discharger shall instead select the combined effluent stream in respect of which the monitoring schedule for the discharger's plant indicates the largest number of parameters to be analyzed for in analytical test groups 16 to 20, 23, 24 and 27.

(4) If a direct discharger's plant has no process effluent stream, and has no combined effluent stream in respect of which a parameter in analytical test groups 16 to 20, 23, 24 and 27 is required to be analyzed for, the discharger shall instead select the combined effluent stream in respect of which the monitoring schedule for the discharger's plant indicates the largest number of parameters to be analyzed for in all analytical test groups.

(5) For the purposes of subsections (6) and (7), where a direct discharger collects a composite sample using an automatic composite sampling device, the discharger may, instead of collecting a duplicate sample, remove an aliquot from each sample container used to collect the sample, in which case the discharger shall analyze the aliquots as if they were duplicate samples.

(6) Once in each month, on the day on which samples are collected under section 10 from the sampling point on the effluent stream selected under subsections (1) to (4), if any stream is so selected, each direct discharger shall collect a duplicate sample for each sample collected on that day from that sampling point under sections 7 and 8, and shall analyze the set of duplicate samples for the parameters indicated in the daily and thrice-weekly columns, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(7) Once in each quarter, on a day on which duplicate samples are collected under subsection (6), each direct discharger shall collect a duplicate sample for each sample collected on that day under sections 9 and 10 from the sampling point on the effluent stream selected under subsections (1) to (4), if any stream is so selected, and shall analyze the set of duplicate samples for the parameters indicated in the weekly and monthly columns, for the stream from which the set was collected, of the monitoring schedule for the discharger's plant.

(8) Once in each month, on the day on which duplicate samples are collected under subsection (6), each direct discharger shall prepare a travelling blank sample for each sample collected on that day under sections 7 and 8 from the sampling point on the effluent stream selected under subsections (1) to (4), if

any stream is so selected, and shall analyze the set of travelling blank samples for the parameters indicated in the daily and thrice-weekly columns, for the stream from which the samples for which the travelling blank samples were prepared were collected, of the monitoring schedule for the discharger's plant.

(9) Once in each quarter, on the day on which duplicate samples are collected under subsection (7), each direct discharger shall prepare a travelling blank sample for each sample collected on that day under sections 9 and 10 from the sampling point on the effluent stream selected under subsections (1) to (4), if any stream is so selected, and shall analyze the set of travelling blank samples for the parameters indicated in the weekly and monthly columns, for the stream from which the samples for which the travelling blank samples were prepared were collected, of the monitoring schedule for the discharger's plant.

(10) Despite subsections (8) and (9), a direct discharger need not analyze a travelling blank sample for the parameters in analytical test groups 3 and 8 as set out in Schedule AA.

(11) Once in each month, on the day on which duplicate samples are collected under subsection (6), each direct discharger shall prepare a travelling spiked blank sample for each sample collected on that day under sections 7 and 8 from the sampling point on the effluent stream selected under subsections (1) to (4), if any stream is so selected, and shall analyze the set of travelling spiked blank samples for the parameters in analytical test groups 16 to 20, 23, 24 and 27 indicated in the daily and thrice-weekly columns, for the stream from which the samples for which the travelling spiked blank samples were prepared were collected, of the monitoring schedule for the discharger's plant.

(12) Once in each quarter, on the day on which duplicate samples are collected under subsection (7), each direct discharger shall prepare a travelling spiked blank sample for each sample collected on that day under sections 9 and 10 from the sampling point on the effluent stream selected under subsections (1) to (4), if any stream is so selected, and shall analyze the set of travelling spiked blank samples for the parameters in analytical test groups 16 to 20, 23, 24 and 27 indicated in the weekly and monthly columns, for the stream from which the samples for which the travelling spiked blank samples were prepared were collected, of the monitoring schedule for the discharger's plant.

(13) A direct discharger need only fulfil the requirements of subsections (7), (9) and (12) in four consecutive quarters. O. Reg. 726/89, s. 19.

#### TOXICITY TESTING

20.—(1) Each direct discharger shall collect a sample from each process effluent, combined effluent, batch discharge effluent and boiler blowdown effluent sampling point of the discharger once in each month, on the day on which samples are collected under section 10 from that sampling point, and shall perform a

fish toxicity test and a *Daphnia magna* acute lethality toxicity test on each sample collected under this subsection.

(2) If each fish toxicity test performed under subsection (1) on all samples collected from a process effluent, combined effluent or batch discharge effluent sampling point in three consecutive months results in mortality for no more than two out of ten fish at all effluent concentrations, a direct discharger may thereafter perform the fish toxicity tests required by subsection (1) on the samples from that sampling point, on 100 per cent undiluted samples only.

(3) If a fish toxicity test performed under subsection (2) on any sample from a process effluent, combined effluent or batch discharge effluent sampling point results in mortality for more than two out of ten fish, subsection (2) ceases to apply and continues not to apply to samples from that sampling point, until the fish toxicity tests performed under subsection (1) on all samples from that sampling point in a further three consecutive months result in mortality for no more than two out of ten fish at all effluent concentrations.

(4) Subsections (1) to (3) do not apply in relation to any process effluent stream that passes through an ash transport water system.

(5) Subsections (1) to (3) do not apply in relation to the stream referred to at the plant in Category E as the Condensate Plant Water Treatment Plant Stream.

(6) Each direct discharger shall collect a sample from each event discharge effluent sampling point of the discharger once in each month in which samples are collected from that point under subsection 11 (1), on the day on which samples are collected from that point under subsection 11 (1) in the month, and shall perform a fish toxicity test and *Daphnia magna* acute lethality toxicity test on each sample collected under this subsection.

(7) Each direct discharger shall collect a sample from each event discharge effluent sampling point of the discharger from which samples are collected under subsection 11 (2), on each day on which samples are collected from that point under subsection 11 (2), and shall perform a fish toxicity test and a *Daphnia magna* acute lethality toxicity test on each sample collected under this subsection.

(8) Each direct discharger shall collect a sample from each pond that feeds an event discharge effluent stream of the discharger once in each month in which samples are collected from that pond under subsection 11 (3), on the day on which samples are collected from that pond under subsection 11 (3) in the month, and shall perform a fish toxicity test and a *Daphnia magna* acute lethality toxicity test on each sample collected under this subsection.

(9) If each of three successive fish toxicity tests performed under subsections (6) to (8) on all samples collected from an event discharge effluent sampling point

and the pond that corresponds to it results in mortality for no more than two out of ten fish at all effluent concentrations, a direct discharger may thereafter perform the fish toxicity tests required by subsections (6) to (8) on the samples from that sampling point and pond, on 100 per cent undiluted samples only.

(10) If a fish toxicity test performed under subsection (9) on any sample from an event discharge effluent sampling point or the pond that corresponds to it results in mortality for more than two out of ten fish, subsection (9) ceases to apply and continues not to apply to samples from that sampling point and pond, until a further three successive fish toxicity tests performed under subsections (6) to (8) on all samples from that sampling point and pond result in mortality for no more than two out of ten fish at all effluent concentrations.

(11) Subsections (6) to (10) do not apply in relation to any event discharge effluent stream at the plants referred to in subsection 3 (3) as Bruce NGS-A and Bruce NGS-B that discharges into a radioactive liquid waste management system tank or in relation to any event discharge effluent stream at the plant in Category D that discharges into the stream referred to at the plant as the Bruce Heavy Water Plant Process Effluent Stream.

(12) Each direct discharger shall collect a sample from each once-through cooling water sampling point of the discharger once in each quarter, on a day on which samples are collected under section 12 from that sampling point, and shall perform a fish toxicity test and a *Daphnia magna* acute lethality toxicity test on each sample collected under this subsection.

(13) If the fish toxicity test performed in the first quarter under subsection (12) on the sample from a once-through cooling water sampling point results in mortality for no more than two out of ten fish at all effluent concentrations, a direct discharger may thereafter perform the fish toxicity test required by subsection (12) on the samples from that sampling point, on 100 per cent undiluted samples only.

(14) If a test performed under subsection (13) on any sample from a once-through cooling water sampling point results in mortality for more than two out of ten fish, subsection (13) ceases to apply in respect of samples from that sampling point.

(15) A direct discharger need only fulfil the requirements of subsection (12) in four consecutive quarters. O. Reg. 726/89, s. 20.

#### FLOW MEASUREMENT

21.—(1) Each direct discharger shall, throughout each operating day, continuously measure the flow of each process effluent stream of the discharger at a location or set of locations representative of the flow at the sampling point established for the stream, and shall continuously record the measured flow.

(2) Where the flow of a process effluent stream cannot be continuously measured on any operating day because of equipment malfunction and all reasonable care has been taken to avoid and correct the malfunction, or because of necessary equipment maintenance carried out with dispatch, the direct discharger may fulfil the requirement of subsection (1) by estimating the total volume of effluent discharged on that day from that stream and recording the estimate.

(3) Each direct discharger shall, at the time of each sampling under this Regulation from each once-through cooling water, boiler blowdown, combined and batch discharge effluent stream of the discharger, measure or estimate the flow of the stream at a location or set of locations representative of the flow at the sampling point established for the stream, and shall record the measured or estimated data.

(4) Each direct discharger shall measure or estimate the duration and volume of each discharge of storm water, coal pile effluent, event discharge effluent, emergency overflow effluent, equipment cleaning effluent, potentially contaminated building effluent and waste disposal site effluent in respect of which the discharger has taken a sample under this Regulation, and shall record the measured or estimated data.

(5) Despite subsection 3 (11) of this Regulation and subsection 6 (1) of the General Effluent Monitoring Regulation, a direct discharger need not measure the flow of an event discharge effluent stream or of a boiler blowdown effluent stream continuously.

(6) Despite subsection 6 (6) of the General Effluent Monitoring Regulation, each direct discharger shall use methods, devices or calculations for the measurement or estimation of the flow of a batch discharge effluent stream that are capable of accuracy to within plus or minus 7 per cent of the actual flow.

(7) Subsection 6 (6) of the General Effluent Monitoring Regulation does not apply in respect of measurements or estimates of the volume of discharges of storm water or coal pile effluent.

(8) Subject to subsection (9), each direct discharger shall demonstrate by calibration, performed no earlier than 365 days before the filing of this Regulation and no later than thirty days before the first use of the device for the purposes of this Regulation, that each primary flow measuring device used to measure the flow of a process effluent stream for the purposes of this Regulation meets the accuracy requirement of subsection 6 (1) of the General Effluent Monitoring Regulation.

(9) Where a direct discharger demonstrates to the Director, by means of a certified report of a registered professional engineer of the Province of Ontario, that a primary flow measuring device has been designed and installed in accordance with the standards of a national or international standards setting organization, that primary flow measuring device will be

deemed capable of meeting the accuracy requirement of subsection 6 (1) of the General Effluent Monitoring Regulation.

(10) Subject to subsection (11), each direct discharger shall demonstrate by calibration, performed no earlier than 365 days before the filing of this Regulation and no later than thirty days before the first use of the device for the purposes of this Regulation, that each flow measuring device used to measure the flow of a combined effluent stream for the purposes of this Regulation meets the accuracy requirement of subsection 6 (3) of the General Effluent Monitoring Regulation.

(11) Where a direct discharger demonstrates to the Director, by means of a certified report of a registered professional engineer of the Province of Ontario, that a flow measuring device has been designed and installed in accordance with the standards of a national or international standards setting organization, that flow measuring device will be deemed capable of meeting the accuracy requirement of subsection 6 (3) of the General Effluent Monitoring Regulation. O. Reg. 726/89, s. 21.

#### REPORTING

22.—(1) Each direct discharger shall, by the 1st day of April, 1990, submit to the Director four copies of an initial report in respect of the discharger's plant.

(2) Each direct discharger shall ensure that the plans submitted under paragraph 1 of subsection 7 (1) of the General Effluent Monitoring Regulation identify by type each effluent stream on which the discharger establishes a sampling point or a temperature measurement point under section 4.

(3) In addition to meeting the requirements of subsection 7 (1) of the General Effluent Monitoring Regulation, each direct discharger shall include the following information in the initial report submitted under subsection (1):

1. One or more plot plans, along with supporting text, showing the location of each storm water catchment area within the discharger's plant, the land uses of those areas, the storm water effluent streams that drain those areas, the sampling points established on those streams and the points at which those streams discharge from the plant.
2. One or more plot plans, along with supporting text, showing the location of all temperature measurement points established by the discharger under subsections 4 (6) to (8).

(4) Each direct discharger shall notify the Director in writing of any significant changes in respect of the information submitted under subsections (1) to (3), within thirty days after the end of the month during which the change occurs.

(5) Each direct discharger shall notify the Director in writing of any change of name or ownership of its plant occurring after the 1st day of August, 1989, within thirty days after this Regulation comes into force or within thirty days after any such change.

(6) Each direct discharger shall, no later than thirty days after the event, notify the Director in writing of any process change that occurs after the day this Regulation comes into force, if the change,

- (a) may adversely affect the quality of the effluent in any effluent stream on which the discharger establishes a sampling point or a temperature measurement point under section 4; or
- (b) results in the creation of a new effluent stream in the plant.

(7) Each direct discharger shall, no later than the 15th day of May, 1990 or thirty days before the event, notify the Director in writing of any redirection or change in the type of any effluent stream on which the discharger establishes a sampling point or a temperature measurement point under section 4, if the redirection or change occurs on or after the 1st day of April, 1990.

(8) For the purposes of subsections (2) and (7), effluent stream types are the types mentioned in subsection 4 (1).

(9) Despite subsection (7), a direct discharger need not notify the Director of any redirection of an effluent stream to an emergency overflow effluent stream.

(10) Each direct discharger shall report to the Director the results of all analyses performed by or on behalf of the discharger under sections 6 to 19 of this Regulation, including all positive numerical values at or above the analytical method detection limits calculated by the laboratory performing the analysis, together with the date on which each sample was collected and the method used to collect each sample.

(11) When reporting the results of analyses of a sample collected under section 15, each direct discharger shall submit to the Director a written statement indicating whether the sample was collected during a thaw.

(12) Each director discharger shall, in accordance with subsection 7 (6) of the General Effluent Monitoring Regulation, report to the Director the toxicity test information obtained under section 20, together with the date on which each sample was collected under section 20.

(13) The information required to be reported under subsection (12) constitutes results of analyses within the meaning of subsection 7 (2) of the General Effluent Monitoring Regulation.

(14) Each direct discharger shall report to the Director each temperature value calculated and recorded under subsections 13 (4), 13 (6), 14 (4) to (6) and 14 (8), together with the date on which each temperature measurement to which each value relates was taken, within sixty days after the day on which the information necessary to calculate the value became available to the discharger.

(15) Each direct discharger shall report the information required to be reported under subsection (14) on a floppy diskette in a format acceptable to the Director and by hard copy generated from that diskette and signed by the discharger.

(16) Each direct discharger shall report in writing to the Director any action taken under subsections 13 (5) and (6) and 14 (7) and (8), together with the date on which the action was taken, within sixty days after each such action.

(17) Each direct discharger shall submit to the Director documentation of any calibration or certification of accuracy required by subsections 21 (8) to (11) of this Regulation and subsection 6 (2) of the General Effluent Monitoring Regulation, no later than thirty days before the first use of the device for the purposes of this Regulation.

(18) Each direct discharger shall, with respect to each method, device or calculation for flow measurement or estimation used in meeting the requirements of this Regulation, other than methods, devices or calculations to be used to measure or estimate the volume of discharges of storm water and coal pile effluent, submit to the Director, no later than sixty days before the first use of the method, device or calculation for the purposes of this Regulation, documentation sufficient to satisfy the Director that the method, device or calculation complies with the accuracy requirements of subsections 6 (3) and (6) of the General Effluent Monitoring Regulation and subsection 21 (6) of this Regulation.

(19) Each direct discharger shall, no later than the 1st day of April, 1990, submit to the Director a description of the methods, devices and calculations to be used in measuring or estimating the volume of discharges of storm water and coal pile effluent under subsection 21 (4), together with an assessment of the accuracy of those methods, devices and calculations.

(20) Each direct discharger shall submit to the Director documentation of each calibration performed under subsection 6 (7) of the General Effluent Monitoring Regulation, by the 1st day of April, 1990 or within thirty days after the calibration was performed.

(21) Each direct discharger shall report to the Director the flow measurement information recorded under subsections 21 (1) to (3), together with the date on which each flow was measured or estimated.

(22) Each direct discharger shall submit to the Director a description of any methods, devices and

calculations used in estimating the volume of a discharge of effluent under subsection 21 (2), together with an assessment of the accuracy of those methods, devices and calculations, within sixty days after each such estimation.

(23) Each direct discharger shall report to the Director the information required to be recorded under subsection 21 (4) together with the date and location of each discharge measured or estimated under subsection 21 (4), within sixty days after the occurrence of each such discharge.

(24) Each direct discharger shall report in writing to the Director the date, approximate duration and amount of rainfall of each storm event that occurs during the period beginning on the 1st day of June, 1990 and ending on the 31st day of May, 1991, within sixty days after each such storm event.

(25) Each direct discharger shall submit to the Director, at least thirty days before the first day of each month, a written schedule of intended sampling dates by sampling point location for all sampling to be done under sections 6, 10, 11, 12 and 20 in that month.

(26) Each direct discharger shall make every reasonable effort to follow the schedule submitted under subsection (25) but, if the schedule cannot be followed as submitted, the discharger shall notify the Director promptly of any change in dates.

(27) Within sixty days after the end of each quarter, each direct discharger shall submit a report to the Director stating the quantities of chemicals added during each month in the quarter to each once-through cooling water effluent stream in the discharger's plant, whether or not the stream is one on which the discharger establishes a sampling point or temperature measurement point under section 4, and stating the dates and locations at which these additions occurred.

(28) A direct discharger need only fulfil the requirements of subsection (27) in respect of months in the period beginning the 1st day of June, 1990 and ending the 31st day of May, 1991.

(29) Each direct discharger shall, by the 30th day of June, 1991, submit a written report to the Director describing the variation in daily flow for a period of at least six months for each process effluent stream from which samples are collected under this Regulation other than by means described in clauses 3 (4) (a), (b) and (e) of the General Effluent Monitoring Regulation.

(30) The report referred to in subsection (29) shall include the raw data and calculation methods used to produce the report.

(31) Each direct discharger shall keep records of all sampling required by this Regulation, including, for each sample, the date, the time of collection, the sampling procedures used, the amount of sample dilution

by preservative if dilution exceeds 1 per cent and any incident likely to affect an analytical result.

(32) Each direct discharger shall develop a maintenance and calibration schedule for all sampling and flow measurement equipment and shall record the dates on which any maintenance and calibration action was taken, together with a description of the action.

(33) Each direct discharger shall keep records of all analytical methods used in meeting the requirements of this Regulation.

(34) Each direct discharger shall submit a written report to the Director detailing the date, duration and cause of each sampling, toxicity testing, analytical and flow measurement malfunction or other problem that interferes with fulfilling the requirements of this Regulation, together with a description of any remedial action taken, within sixty days after the day on which the malfunction or problem occurs.

(35) Each direct discharger shall keep all records and reports required by this Regulation to be kept or made for a period of two years following the date of the last report submitted to the Director under this section.

(36) Within sixty days after the end of each quarter, each direct discharger for each hydraulic generating plant listed in Schedule DD shall submit a written report to the Director stating the quantities, in kilograms, of oil and grease, seal oils, lubricants, transformer oils, hydraulic fluids and bulk chemicals used in the plant during each month in the quarter.

(37) A direct discharger need only fulfil the requirements of subsection (36) in respect of months in the period beginning the 1st day of June, 1990 and ending the 31st day of May, 1991.

(38) Each direct discharger shall report flow measurement information recorded under subsections 21 (1) to (3) as the total volume of effluent discharged per operating day in cubic metres per day. O. Reg. 726/89, s. 22.

#### COMMENCEMENT

23.—(1) This Regulation, except sections 6 to 20 and subsections 21 (1) to (7), comes into force on the day on which it is filed.

(2) Sections 6 to 20 and subsections 21 (1) to (7) come into force on the 1st day of June, 1990.

#### REVOCATION

24. Subsections 6 (1), (5), (6), (9) and (10), sections 8 to 10, subsection 11 (1), section 12, subsection 15 (1), sections 16 to 19, and subsections 20 (1) to (6) and (12) to (15) are revoked on the 1st day of June, 1991.

## MOTOR VEHICLE TRANSPORT ACT, 1987/ LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles within the prescribed filing fee, within twenty-nine days of this publication.

### EXTRA-PROVINCIAL APPLICATIONS:

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

**INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness

requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## ENVIRONMENTAL ASSESSMENT ACT

### O. Reg. 1/90.

Exemption—Ministry of the

Environment—MOE-41.

Made—December 13th, 1989.

Approved—December 13th, 1989.

Filed—January 3rd, 1990.

## ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

### EXEMPTION—MINISTRY OF THE ENVIRONMENT—MOE-41

Having received a request from the Regional Directors of the Ministry of the Environment that an undertaking, namely:

activities related to clean-up and/or remedial work being carried out by the Ministry of the Environment as a result of the default of a person or company ordered to carry out such work under the *Environmental Protection Act* or the *Ontario Water Resources Act*

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Regional Directors of the Ministry of the Environment that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The exemption applies to emergency situations which present an immediate threat or danger to public health or safety or to the environment.
- B. The time required to prepare environmental assessments and seek approval under the *Environmental Assessment Act* would significantly delay the implementation of the undertaking, thereby exacerbating the threat or danger to public health or safety or to the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the

environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The activities involved in the undertaking will result in minimizing the potential for the injury and damage which are stated above.
- B. The various instructions, approvals and orders which may be issued under the *Environmental Protection Act* and the *Ontario Water Resources Act* will result in these activities being carried out in a safe manner.

This exemption is subject to the following terms and conditions:

1. Where an undertaking, which is being carried out under this exemption order, is the subject of another exemption order, or is an undertaking for which an environmental assessment has been accepted and approval to proceed received, the undertaking shall be subject to the terms and conditions of this exemption order, and any other terms or conditions of an exemption or approval shall not apply.
2. A report, describing the activities carried out as a part of any clean-up and/or remedial work which is carried out under this exemption order, shall be prepared by the Director of the appropriate Regional Office of the Ministry of the Environment and this report shall be filed with the Director of the Environmental Assessment Branch for filing on the public record, within thirty days of the completion of such work.
3. This exemption expires the earlier of:
  - (a) three years from the date of its approval; or
  - (b) the date on which a Regulation, which exempts this undertaking, comes into force,

unless the Minister of the Environment chooses to extend this exemption order until such later date as he decides from time to time is appropriate, by publishing a notice in *The Ontario Gazette*. O. Reg. 1/90.

JAMES BRADLEY  
*Minister of the Environment*

## ENVIRONMENTAL ASSESSMENT ACT

### O. Reg. 2/90.

Exemption—Ministry of Government Services—MGS-102.

Made—December 21st, 1989.

Approved—December 21st, 1989.

Filed—January 3rd, 1990.

## ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

### EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-102

Having received a request from the Minister of Government Services that an undertaking, namely:

1. the acquisition, optioning and exercising of options of real property and leaseholds,
2. the sale, granting or other disposal of real property and leaseholds,
3. the planning of real property, under the *Planning Act, 1983*,
4. the interim management of real property and improvements thereon, including letting (Ministry of Government Services (MGS) as lessor) and demolition, maintenance and repair,
5. the construction and contracting for construction of Capital Construction Projects which are of a minor nature, having an estimated value of less than \$1,000,000,
6. the construction of additions to or replacement of or reconstruction of existing structures or facilities where the new structure or facility will be located on the same site as the structure or facility added to, replaced or reconstructed and will have substantially the same purpose and use as the structure or facility replaced,
7. the construction of administrative facilities of the Provincial Government and ancillary infrastructure in support of these facilities in urban areas,

8. the construction of ancillary infrastructure by the Provincial Government for land intended to be disposed of by the Province,
9. the erection of communication towers at the request of another ministry,
10. the construction of drainage works regulated under the *Drainage Act*,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be interfered with and damaged by the undue delay and expense required to prepare environmental assessments for activities which will have insignificant adverse environmental effects.
- B. Pre-submission consultation and completion of the Class Environmental Assessment referred to in Reason C for formal submission will be hampered by having to prepare separate exemptions or assessments for projects undertaken by Ministry of Government Services and its clients that have insignificant environmental effects.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. All changes in the permitted use of real property will be subject to the approval procedures under the *Planning Act, 1983* which procedures include provision for consideration of environmental concerns and public notification.
- B. The proposed undertaking will have no significant adverse effects on the environment that cannot be mitigated by the attached terms and conditions.
- C. The Ministry of Government Services is preparing a Class Environmental Assessment (Class EA) with respect to the activities referred to in this Order.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. This Order replaces Exemption Orders MGSA-1, MGSC-3 and MGSD-4 published in the Ontario Gazette on November 13, 1976 and MGS-64 filed as Ontario Regulation 257/86, which are hereby revoked.
4. The activities referred to in paragraphs (4), (5), (6), (7), (8), (9) and (10) of the description of the undertaking under this order shall not be implemented if they will conflict with any provision of a zoning by-law or other similar land use control under the *Planning Act, 1983, Niagara Escarpment Planning and Development Act, Parkway Belt Planning and Development Act* and the *Ontario Planning and Development Act* unless such change is made to put the property in a safe condition.
5. (1) For the purposes of Condition 4 as it applies to additions or replacement under paragraph 6 of the description of the undertaking for greater than 50 per cent of the current operational capacity of the facility or as it applies to paragraph 7, a provision in a zoning by-law or other similar land use control which gives a general authorization for all types of government uses shall be disregarded.
- (2) Subcondition 5 (1) does not prevent the construction and use of administrative facilities in a non-residential area or of buildings of a type the official plan allows to be constructed for the private sector.
6. The carrying out of activities described in paragraph (1) of the description of the undertaking shall not be used by the Ministry of Government Services to justify any particular undertaking which may involve the property in question, nor shall it be given any weight in decisions that must be made under the *Environmental Assessment Act* on any undertakings.
7. The activities referred to in paragraph (1) of the description of the undertaking are not exempt where the acquisition is for disposal unless the disposal is related to meeting the objectives of the "Housing First" policy or to small parcels adjacent to currently owned lands and the purpose is to round out those currently owned lands and that the intended use of these lands is not subject to the *Environmental Assessment Act*.
8. (1) MGS shall include in its feasibility studies the identification of all environmentally significant areas. The identification shall involve, where appropriate,
  1. Contact with MNR District and Regional staff;
  2. Contact with Conservation Authority staff;
  3. Contact with the Niagara Escarpment Commission staff;
  4. On-site surveys by environmental consultants; and
  5. The consideration of information received from any party regarding the existence of habitats for threatened, rare, or endangered species.
- (2) MGS shall ensure throughout its feasibility studies that no activities referred to in paragraphs (1) to (10) of the description of the undertaking shall negatively impact the state of environmentally significant areas. If such feasibility studies reveal that any environmentally significant areas are potentially adversely impacted by any of the proposed activities in this Order, then an environmental management plan shall be incorporated into the feasibility studies which shall ensure that the state of any environmentally significant areas shall be maintained or improved. Such environmental management plans shall address, where appropriate, surface and groundwater quality and quantity, soil management, noise, air emissions, habitat preservation and management, public access, heritage preservation and integration and environmental monitoring.
- (3) Where MGS proposes to proceed with an activity under this Order and a feasibility study was completed before the date of the Order that did not address the matters required to be addressed by subcondition 8 (2), a supplementary feasibility study that satisfies the requirements of subcondition 8 (2) shall be carried out.
- (4) MGS shall comply with any environmental management plan and supplementary feasi-

bility study referred to in subconditions 8 (2) and 8 (3), as it may be amended from time to time.

9. The activities referred to in paragraph (2) of the description of the undertaking are not exempt with respect to Environmentally Significant Areas except where the sale, granting or other disposal is to a public or non-profit agency which will agree to use such land for conservation purposes only and there are provisions in an official plan and zoning by-law restricting the use of the land to conservation purposes only.
10. When heritage resources are identified as significant in this interim period through existing arrangements and protocols, MGS shall avoid adverse impact on these resources. MGS shall also consult with the Ministry of Culture and Communications with the intent of establishing a process to identify heritage resources in MGS's inventory of real property.
11. The additions referred to in paragraph (6) of the description of the undertaking for the Ministries of Community and Social Services, Health, and Correctional Services that are not administrative facilities will be limited to increases not greater than 50 per cent of the current operational capacity of the facility.
12. The activities referred to in paragraph (8) of the description of the undertaking are exempt only for projects where a substantial component is residential development.
13. Where MGS proposes to carry out an activity of a type that if carried out by a municipality would be an activity in the Class Environmental Assessment for Municipal Roads Projects or the Class Environmental Assessment for Municipal Sewer and Water projects or if carried out by Ontario Hydro would be an activity described in the Class Environmental Assessment for Minor Transmission Facilities (copies of which are located in the public records established under section 31 of the Act), then MGS may only carry out the activity if it has followed the same procedures as a municipality or Ontario Hydro would have had to follow under their respective environmental assessments and if as a result of applying the relevant environmental assessment a municipality or Ontario Hydro would have had to perform an individual environmental assessment for such activity, the activity is not exempt under this Order.
14. Any structure which would be subject to the *Building Code Act* if built by a private per-

son shall be subject to the requirements of the *Building Code Act*.

15. For the purposes of conditions 4 and 14, the listed statutes shall be treated as though they bound the Crown.
16. The activities referred to in paragraph (9) of the description of the undertaking shall comply with any relevant Canadian Standard Association standards and regulations of the Federal Department of Transport.
17. Where MGS is carrying out an activity under this Order, it shall review the environmental history of the lands and shall ensure that such tests are conducted as a reasonable and prudent buyer, landowner or developer would do given the history and intended use of the lands. If such tests reveal concentrations of contaminants in excess of the criteria and parameters contained in the "Guidelines for the Decommissioning and Cleanup of Sites in Ontario" (MOE Policy 14-17-01), MGS shall follow the procedures outlined in that Policy in order to ensure that the decommissioning and cleanup of the site is completed in an environmentally acceptable manner before the activities being carried out under this Order are completed.
18. The Ministry of Government Services shall provide copies of the Functional Program Description or a similar document prepared for the project which includes location, environmental concerns and public and agency contacts where appropriate to the Environmental Assessment Branch for activities referred to in paragraphs (7), (8), (9) and (10) of the description of the undertaking. Such descriptions will be submitted at least sixty days prior to implementation of any project. For proposed applications under the *Planning Act, 1983* permitting substantial changes in use, the Ministry of Government Services shall submit a Background Report to the Environmental Assessment Branch containing a description of, and rationale for, the project and a summary of its impacts. Any environmental management plan and supplementary feasibility study referred to in subcondition 8 (4) shall be submitted to the Director, Environmental Assessment Branch, and the appropriate Regional Office of the Ministry of the Environment.

For proposed activities under paragraph 2, involving real property in excess of 100 acres for any one undertaking, where such real property has not been subjected to the *Planning Act, 1983*, the Ministry of Government Services shall submit, at least sixty

days prior to implementation, a background report to the Environmental Assessment Branch of the Ministry of the Environment, containing a description of, and rationale for, the sale, granting or other disposal of real property and leaseholds. This requirement will not apply to the disposal of farmland where the proposed use is farming.

19. Within forty-five days of receiving notification from MGS under Condition 18 or within forty-five days of receiving additional information under this condition, the Minister of the Environment may, by written notice to the Minister of Government Services which outlines his reasons:

- (1) direct that an environmental assessment be prepared for the project, in which event the project will not be exempt under this Order; or
- (2) advise that the project may proceed with or without conditions; or
- (3) request additional information, in which event the project cannot proceed until the Minister or Director of the Environmental Assessment Branch gives written notice to proceed with or without conditions.

No response within forty-five days indicates that the project may proceed under this Order.

20. The Ministry of Government Services shall diligently prepare and process the Class Environmental Assessment referred to in reason C above and submit it to the Minister of the Environment not later than eighteen months from the date this Order is filed with the Registrar of Regulations.

21. This Order terminates on the earlier of either: two years from the date this Order is filed with the Registrar of Regulations, or the date the approval issued with respect to the Ministry of Government Services' Class Environmental Assessment referred to in Reason C comes into effect.

22. In this Order, the following words have the meanings given for them:

"administrative facilities"—includes offices, land registry buildings, court houses, ambulance centres and other provincial service structures except for facilities constructed for the Ministries of Correctional Services, Health and Community and Social Services, listed below and which definitions are filed in the public record kept under section 31 of the Act with the Environmental Assessment Branch of MOE:

- (i) Jails
- (ii) Detention Centres (ages 18 and over)
- (iii) Correction Centres
- (iv) Forestry Camps
- (v) Young Offenders Open Custody/ Open Detention Centres, which are government built and owned
- (vi) Treatment Centres
- (vii) Psychiatric Hospitals
- (viii) Detention Centres (ages 12 to 17)
- (ix) Centres for the Developmentally Handicapped
- (x) Project *D.A.R.E.* (Development through Adventure, Responsibility, and Experience) type facilities.

"ancillary infrastructure"—sewers, water lines, roads, sidewalks and pedestrian ways and other facilities required to support land uses permitted under the *Planning Act*, 1983.

"environmentally significant areas"

1. Classes 1, 2 and 3 wetlands as defined by Ministry of Natural Resources Regional and District offices.
2. Areas of Natural and Scientific Interest (ANSIs), as determined by the MNR Regional Offices.
3. Escarpment Natural areas and Protection areas as designated and approved within the Niagara Escarpment Plan.
4. Environmentally Significant Areas which may be named by such names as Environmentally Sensitive Areas and Areas of Environmental Concern designated in official plans under the *Planning Act*, 1983.
5. Environmentally Sensitive Areas as determined by Conservation Authorities.
6. Habitats of species designated under Ontario Regulation 287 under the *Endangered Species Act*.
7. Habitats of threatened, rare and endangered species, as identified and

determined by the Ministry of Natural Resources' "Threatened, Rare and Endangered Species Mapping Program", as it may be expanded over the duration of the Order.

8. Habitats of threatened, rare and endangered species, as may be identified and documented by any person to the satisfaction of MNR District and Regional Offices.

"communication towers"—structures erected by the Province for purposes of wireless communications.

"urban areas"—areas serviced by municipal sewage and water works approved under the *Ontario Water Resources Act* including sewage and water works provided for the municipality by the Ministry of the Environment under that Act.

"public agency"—Provincial and Crown Agencies, Municipalities, Conservation Authorities and the Federal Government.

"estimated value"—The most current estimate prepared by an engineer, architect, official, planner or construction contractor of the cost of the undertaking, and which cost has been accepted by the appropriate authority of MGS as the basis upon which the undertaking is to be proceeded with but does *not* include any costs for,

- (a) acquisition of land
- (b) feasibility studies and design carried out for the undertaking
- (c) the operation of the undertaking.

"interim management"—all activities associated with the maintenance or temporary use of real property that is awaiting either conversion to its planned end use or disposal. O. Reg. 2/90.

## ENVIRONMENTAL ASSESSMENT ACT

### O. Reg. 3/90.

Compliance Order—Ministry of Natural Resources—MNR-C-1.

Made—December 21st, 1989.

Approved—December 21st, 1989.

Filed—January 3rd, 1990.

## ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

### COMPLIANCE ORDER—MINISTRY OF NATURAL RESOURCES—MNR-C-1

Having received a request from the Ministry of Natural Resources that an order be issued with respect to an undertaking, namely:

The primary access roads in the Latchford Crown Forest Management Unit approved by the approval (the "Approval") issued under section 14 of the Act by the Minister of the Environment dated June 17, 1988, a copy of which is in the public records maintained under section 31 of the Act,

pursuant to section 29, in order to ensure that certain mitigation measures with respect to completion work are carried out; and

Having been advised by the Ministry of Natural Resources that it has completed the connection proposed to be provided by the Red Squirrel Road Extension, part of the undertaking, but it has been unable to entirely complete the said extension, including all mitigation measures related to its establishment as required by condition 28 of the Approval, since factors beyond the control of the Ministry of Natural Resources delayed completion into the beginning of winter when seasonal factors prevent effective completion of mitigation measures;

Having been advised by the Ministry of Natural Resources that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the property and persons indicated may occur:

- A. If, before December 31, 1989, with existing snow depths and frozen ground conditions, M.N.R. completes remaining measures required by the terms and conditions of approval to be completed by December 31, 1989, such as ditch and culvert cleaning, seeding operations and placement of a rock screen in the Pencil Lake area, the measures will be ineffective and could result in environmental damage to Crown land and fish habitat in the area of the Red Squirrel Road Extension.
- B. Any delay in obtaining access to timber stands intended to be accessed by the Red Squirrel Road Extension, caused by inability to effectively complete remaining measures required by the terms and condition of approval, may
  - jeopardize the economic viability of the local forest industry by resulting in loss of direct and indirect employment,

- have negative effects on other business in the area, and
- have negative effects on local communities and local communities may cease to be viable in both economic and social terms.

Having weighed such damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the above aspect of the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act in so far as it is necessary to enable completion, maintenance and operation of the Red Squirrel Road Extension with all the mitigation measures required by the Approval effectively completed for the following reason:

- A. Although the proponent was unable to complete the road with all the mitigation measures in the time provided for in the approval for reasons beyond the control of the Ministry of Natural Resources, the road was substantially completed and can be used and it is desirable to ensure that completion in accordance with the mitigation measures is carried out.

This order is subject to the following terms and conditions:

1. Notwithstanding the provisions of condition 28 of the Approval, the Ministry of Natural Resources shall complete the construction of the Red Squirrel Road Extension with implementation of all mitigation measures related to its establishment which the Ministry of Natural Resources was unable to complete by December 31, 1989, by no later than July 31, 1990, or such other date as the Minister of the Environment specifies in writing, and in the event that the nature of any of the mitigation measures requires continuing work after that date in order for the mitigation measures to be effective, the Ministry of Natural Resources shall carry out such work.
2. The Ministry of Natural Resources shall not permit trucks to use the Red Squirrel Road Extension to haul logs until it has filed written notice with the Environmental Assessment Branch indicating that, in the opinion of the Minister of Natural Resources, the

mitigation measures have been completed so as to effectively deal with the adverse effects of truck operation in accordance with the purpose of the measures.

3. Except with respect to timing issues referred to above, this order does not affect the application of any other part of the Approval to the undertaking. O. Reg. 3/90.

### **MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:**

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

#### **EXTRA-PROVINCIAL APPLICATIONS:**

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## **MOTOR VEHICLE TRANSPORT ACT, 1987/ LOI DE 1987 SUR LES TRANSPORTS ROUTIERS**

### **INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988,

S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

**MOTOR VEHICLE TRANSPORT ACT, 1987,  
PART II TRUCK APPLICATIONS:**

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

**EXTRA-PROVINCIAL APPLICATIONS:**

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## MOTOR VEHICLE TRANSPORT ACT, 1987/ LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

**REGULATION TO AMEND  
REGULATION 933 OF REVISED REGULATIONS OF ONTARIO, 1980  
MADE UNDER THE  
TOBACCO TAX ACT**

**1. Regulation 933 of Revised Regulations of Ontario, 1980 is amended by adding thereto the following sections:**

5.—(1) An application for a permit to mark cigarettes under subsection 2 (4) of Regulation 934 of Revised Regulations of Ontario, 1980 or for a permit to stamp cigarettes under subsection 2 (5) of that Regulation and an application for a permit to purchase and sell unmarked cigarettes under subsection 9a (2) of that Regulation shall be in Form 4.

(2) An application for a wholesale dealer's permit under section 3 of Regulation 934 of Revised Regulations of Ontario, 1980 shall be in Form 5. O. Reg. 8/90, s. 1, *part*.

6.—(1) A wholesale dealer's permit under section 4 of Regulation 934 of Revised Regulations of Ontario, 1980 shall be in Form 21.

(2) A certificate for a person to whom the Minister has issued a permit to mark cigarettes or a permit to stamp cigarettes under section 2 of Regulation 934 of Revised Regulations of Ontario, 1980 shall be in Form 22.

(3) A permit to purchase and sell unmarked cigarettes under section 9a of Regulation 934 of Revised Regulations of Ontario, 1980 shall be in Form 25. O. Reg. 8/90, s. 1, *part*.

7.—(1) For the purposes of section 11 of Regulation 934 of Revised Regulations of Ontario, 1980, every collector shall deliver to the Minister a return in Forms 6, 8, 9 and 26, and the supporting Schedules, with respect to the taxes collectable and payable by the collector in the immediately preceding month.

(2) On or before the twenty-eighth day following the month in which tobacco products were imported into or received in Ontario, every importer shall deliver to the Minister a return in Form 17, and the supporting Schedules, with respect to the tobacco imported or received by the importer in the immediately preceding month.

(3) On or before the twenty-eighth day of each month, every person to whom the Minister has issued a permit to mark cigarettes shall deliver a return in Forms 12 and 17, and the supporting Schedules, and every person to whom the Minister has issued a permit to stamp cigarettes shall deliver to the Minister a return in Forms 13, 14 and 17, and the supporting Schedules, with respect to cigarettes marked and indicia used by him or her in the immediately preceding month.

(4) On or before the twenty-eighth day of each month, any person who manufactures a tobacco product shall deliver to the Minister a return in Forms 6, 8 and 9 with respect to the tobacco manufactured for distribution in Ontario in the immediately preceding month.

(5) On or before the seventh day of each month, every dealer who sells, without collecting tax, cigarettes that are marked or stamped with an indicium, taxable cigars or taxable tobacco other than cigarettes or cigars, to a collector shall deliver to the Minister a return in Form 10 in duplicate with respect to the dealer's sales of such tobacco products in the immediately preceding month.

(6) On or before the seventh day of each month, every dealer who sells unmarked cigarettes to a collector shall deliver to the Minister a return in Form 11 in duplicate with respect to the dealer's sales of such tobacco products in the immediately preceding month.

(7) On or before the twenty-eighth day of each month, every holder of a wholesale dealer's permit who is not a collector shall deliver a return in Forms 7 and 19 with respect to all tobacco products acquired in Ontario in the immediately preceding month.

(8) Every dealer shall deliver to the Minister, at least ten days prior to the delivery of tobacco in bulk to a person carrying on business outside Ontario, other than a retailer referred to in subsection 3 (2) of the Act or holding a permit issued by another province or territory that permits the retailer to sell tobacco in such province or territory, a return in Form 24 with respect to the tobacco to be delivered outside Ontario.

(9) On or before the twenty-eighth day following the month in which the tobacco in bulk was delivered to a person outside Ontario, every dealer shall deliver to the Minister a return in Forms 7 and 15, and the supporting Schedules, with respect to the tobacco delivered outside Ontario in the immediately preceding month.

(10) On or before the twenty-eighth day of each month, every holder of an unmarked cigarette dealer's permit shall deliver to the Minister a return in Forms 14, 15, 16 and 18, and the supporting Schedules, with respect to all unmarked cigarettes delivered within or outside Ontario in the immediately preceding month.

(11) In this section, "tobacco in bulk" means a quantity of at least,

- (a) 10,000 cigarettes;
- (b) 50 cigars; or
- (c) 300 grams of tobacco in a form other than cigarettes or cigars. O. Reg. 8/90, s. 1, *part*.

## ENVIRONMENTAL ASSESSMENT ACT

### O. Reg. 23/90.

Exemption—Waterloo North

Hydro—WATE-C-1.

Made—January 12th, 1990.

Approved—January 12th, 1990.

Filed—January 19th, 1990.

## ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

### EXEMPTION—WATERLOO NORTH HYDRO—WATE-C-1

Having received a request from the Hydro Electric Commission of Waterloo, Wellesley and Woolwich (Waterloo North Hydro) that an undertaking, namely:

the activities of planning, designing, land acquisition, constructing and operating an electrical transformer station on lands on the east side of Fischer-Hallman Road at its intersection with the Ontario Hydro right-of-way near Columbia Street West in the City of Waterloo, to transform electrical power from 230kV to 27.6/16.0—13.8/8.0 kV,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The proponent and its customers will be damaged and interfered with by the undue expense required to prepare an Environmental Assessment for an undertaking which will have only minimal effects on the environment.
- B. The City of Waterloo will be damaged and interfered with as it will be necessary to restrict development in the north and west sections of the City.

Having weighed such damage or interference against the betterment of the people of the whole or

any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponent has prepared an Environmental Study Report that demonstrates that the environmental effects of construction and operation of the transformer station will be very limited and not adverse.
- B. The public and property owners have been made aware of the proposed construction of the transformer station and the proponent advises that there are no public concerns.
- C. The proponent has carried out pre-submission consultation with the Ministry of the Environment, and circulated the following Ministries for comment: Citizenship and Culture, Natural Resources, Agriculture and Food. Contact with these Ministries will be maintained throughout the construction stage of the undertaking.

This exemption is subject to the following terms and conditions:

- 1. This exemption shall expire if construction is not commenced by January 1, 1993.
- 2.—(1) The maximum design levels for noise at the point of reception shall be established in accordance with the Ontario Hydro "Protocol for Community Noise Control", January 7, 1981.
- (2) The noise level of the power transformers to be installed will be tested by Waterloo North Hydro in accordance with the Canadian Standards Association publication CAN3-C88-M79.
- (3) If the tests under subcondition (2) establish that the facility noise level exceeds the design levels established in subcondition (1), a noise mitigation study outlining the proposed mitigation measures to reduce the noise impact shall be submitted to the Director, Approvals Branch, Ministry of the Environment, for approval. Approved mitigation measures shall then be undertaken by Waterloo North Hydro forthwith.
- (4) The noise level of the power transformers shall be tested by Waterloo North Hydro from time to time to ensure compliance with the maximum design level established in subcondition (1).

- 3. The design and implementation process for the facility will be carried out by Waterloo North Hydro according to the Environmental Study Report and recommendations contained therein; and will be made known by Waterloo North Hydro to the public government agencies and property owners in the area.
- 4. Mitigation of any adverse environmental effects during construction shall be undertaken by Waterloo North Hydro in accordance with section 4 of Ontario Hydro's "Environmental Guidelines for the Construction and Maintenance of Transmission Facilities (1986)".
- 5. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
- 6. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of any exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
- 7. Within thirty days of completing construction and again within thirty days of completing the approved mitigation measures, if any, the proponent shall submit a report to the Director of the Environmental Assessment Branch, Ministry of the Environment, outlining how conditions one through four were met. ## ENVIRONMENTAL ASSESSMENT ACT

### O. Reg. 24/90.

Exemption—Ministry of Natural Resources—MNR-55.

Made—January 12th, 1990.

Approved—January 12th, 1990.

Filed—January 19th, 1990.

ORDER MADE UNDER THE  
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL  
RESOURCES—MNR-55

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The activity of constructing a new Visitor Centre in Algonquin Provincial Park,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Natural Resources that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources and the public will be damaged by the unnecessary time and expense of having to prepare and submit an Environmental Assessment for an activity which is expected to have minimal negative impacts on the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The public has had several opportunities to review and provide input to the planning for the Visitor Centre, including the 1979 Review of the Algonquin Park Master Plan, and the ongoing review of the Algonquin Park Management Plan, and no concerns have been raised.
- B. Construction of the Visitor Centre must commence in the spring of 1990 in order to be completed in time for the 1993 Centennial Celebration for Algonquin Park, the "flagship" of Ontario's provincial park system.
- C. The Visitor Centre will provide important recreation and public education benefits to park visitors.
- D. The Ministry of Natural Resources will construct the Visitor Centre in a manner to minimize any potential negative impacts on the environment.

- E. The purpose of this Order is only to exempt a capital construction project costing in excess of \$2,000,000 which, except for the cost, would otherwise be exempt by MNR-30/9 filed as O. Reg. 87/89.

This exemption is subject to the following terms and conditions:

1. The Ministry of Natural Resources shall conduct such studies as are necessary to determine the preferred methods of providing sewage and water services to the proposed site and submit these studies and appropriate applications to the Ministry of the Environment for approval prior to construction.
2. Construction wastes generated by the construction activities shall be disposed of in accordance with MNR Construction and Mitigation Guidelines and the MNR Class EA for Solid Waste Disposal.
3. The Ministry of Natural Resources will notify, in writing, the Environmental Assessment Branch, as well as the appropriate Regional Office of the Ministry of the Environment, of the date it is intending to commence construction of the Visitor Centre. Such notice shall be given at least forty-five days in advance of the commencement of construction.
4. A copy of the project plan will be available to the public for examination at the Algonquin Park District Office, the Regional Office of the Ministry of the Environment and the Environmental Assessment Branch of the Ministry of the Environment at least forty-five days before the commencement of construction.
5. This Exemption Order expires December 31, 1991, unless the construction of the Visitor Centre commences prior to this date, in which event it shall continue to apply until the project is completed.
6. Where any activity which otherwise would be exempt under this Order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this Order.
7. Where any activity which is the subject of this Order is being carried out as or is part

of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this Order shall be carried out in accordance with any terms or conditions in the other exemption order as

5/90

well as the conditions in this Order.  
O. Reg. 24/90.
